Call to Order – Chair James Schlender called the meeting to order at 9:00 am. Roll Call was taken.

Certification of Compliance with the open meeting law was met.

Public Comment – None

Minutes – A motion was made by Ron Buckholtz to approve the minutes of the December 3, 2020, meeting; second by Ed Peters. Motion carried.

Judge's Report – None

Clerk of Court Report – Marge Kelsey provided a written report and advised that Jill Tonn is moving to the DA office soon leaving a vacancy in the department.

Sheriff's Report – Sheriff Mrotek reported on the various causes of traffic fatalities in 2020 and discussed the purpose of the Traffic Safety subcommittee. He mentioned that fatalities were up throughout the State. Chief Deputy Joe Sajdera provided a written report and discussed the progress of new dispatcher training completions; he advised that the 2020 call intake was up from last year. Lieutenant Greg Ripczinski provided a written report and stated that there was a 25% increase of calls over 2019. Jail Administrator Jeff Johnson provided a written report and added that jail intake numbers were down in 2020 from the previous year. Animal Control Officer Sherri Shelton provided a written report to the Committee.

Coroner's Report -- A written report was provided to the Committee and Deputy Coroner Onarheim elaborated on the types of deaths by category seen within the County this past year. Committee members requested a return of the more detailed written report in the future.

Emergency Management Department Reports – Emergency Management Director Pat Sanchez provided a written report and stated that FEMA has approved the Multi-hazard Mitigation Plan that allows for grant planning. She reminded the Committee that Covid testing is still taking place on Wednesdays at the Winter Firehall through March 7th. Communication Specialist John Kruk provided a written report. Sheriff Mrotek advised that the new radio system,

transitioning from two towers to five towers, is underway and working well. Full transition is hoped to take place in February.

Criminal Justice Coordinating Council Update – The draft form of the MOU between the County and JusticePoint is under review and should be moving to this Committee in February for further review. A brief overview of the discussion at the February 6th CJCC meeting was provided by Chair Schlender.

Ambulance Service Department Report – A written report was provided and Ambulance Director Nate Dunston reported on the status of staff receiving the Covid vaccine. A 2020 budget deficit will be largely attributed to the cost of Covid supplies.

Fire Protection Services Discussion – A brief discussion took place regarding a question that arose at a previous meeting about potential County assistance for fire protection in our smaller municipalities. Legal Counsel Rebecca Roeker explained the legal restrictions prohibiting the County from directly assisting. Jim Onarheim offered to meet with concerned Board members to discuss how the State might potentially assist.

Meeting Date/Time – The next meeting of the Public Safety Committee will be Thursday, February 4, at 9:00 am in the Assembly Room.

Meeting adjourned at 10:10 am

DRAFT

RESOLUTION No. 2021-56

REQUESTING THE WISCONSIN LEGISLATURE REVISE CHAPTER 814 TO MAKE FILING FEES CONSISTENT BETWEEN THE CLERK OF COURT AND REGISTER IN PROBATE

WHEREAS, Wisconsin Statutes Chapter 814 relates to court costs, fees and surcharges. Wisconsin Statutes section 814.66 applies to the fees charged by the Register in Probate. The Probate Court and Juvenile Court are responsible for case types that are not listed in Section 814.66 or other statutes, with the result being that there are cases filed with Register in Probate for which there is no filing fee; and,

WHEREAS, under the statutes there are fees and costs that are collected by the Register in Probate that are different from the fees collected by the Clerk of Court for the same type of service. This often causes confusion to the public; and,

WHEREAS, the office of the Register in Probate and the Clerk of Court serve similar functions for the court, both offices are staffed with county employees, both offices utilize CCAP-provided computers and printers as well as county-provided copiers. There is no discernable difference in these two offices when it comes to copying and providing certificates; and,

WHEREAS, it would benefit the public and the county for the State Legislature to revise the statutes so that fees charged for similar services in the Clerk of Court and the Register in Probate are consistent in both offices; and,

WHEREAS, the Wisconsin Register in Probate Association has commenced efforts to encourage the State Legislature to amend and revise the statutes to create consistency with the fees charged by the Clerk of Court and the Register in Probate.

NOW THEREFORE BE IT RESOLVED; the Sawyer County Board of Supervisors supports the efforts of the Wisconsin Register in Probate Association in their efforts to encourage the Wisconsin Legislature Statutes to amend the related statutes to further consistency between the fee structures for these offices.

BE IT FURTHER RESOLVED, the County Clerk is directed to send a copy of this resolution to Governor Tony Evers, the Wisconsin Counties Association, all members of the State Legislature and all Wisconsin Counties.

This Resolution was discussed by the Public Safety Committee at its meeting on February 4th, 2021, and was recommended for approval by the Sawyer County Board of Supervisors at its meeting on February 18, 2021.

Re: Court fees and costs in Probate cases and Juvenile Court
Date: January 13, 2021

Overview

Wisconsin Statutes Chapter 814 covers court costs, fees, and surcharges. Subsection 814.66 applies to the office of the Register in Probate. There are case types that are not covered in Sec. 814.66 or other statutes. The result is cases filed with the court without a filing fee. This is incongruous, and perhaps inappropriate, when compared to fees collected in other matters.

A change in the trust statute placed court cases litigating trusts in probate court. However, the probate fee statute does not include authority to collect a filing fee.

Some fees and costs collected by the probate office are different from fees collected by the Clerk of Court for the same items. This can cause confusion. Different fees and costs for an identical item seem inappropriate.

I propose changes to revise statutes for the review of the appropriate entities and authorities. These matters have been discussed and reviewed by the members of the Wisconsin Register in Probate Association.

Currently

The Register in Probate office handles cases for Commitments, Guardianships, Conservatorships, and Estates. Commitments under Chapter 51 of Wisconsin Statutes, the Mental Health Act, are not subject to a fee. Guardianship, conservatorship, and probate estate cases require a filing fee calculated based upon the value of the property subject to the guardianship, conservatorship or probate "administration" with a minimum $20 fee. Wis. Stat. Sec. 814.66.

Foreign letters

Administration is defined as "any proceeding relating to a decedent's estate." Wis. Stat. Sec. 851.01. This definition does not clearly include the filing of foreign letters authorized by Wis. Stats. Sec. 877.16. A foreign personal representative may act in Wisconsin upon the filing of original or certified copies of documents of appointment from the foreign court. A common scenario involves an out of state resident who owns real estate in Wisconsin. The estate in his or her state of residence allows the appointment of an executor or personal representative. When the Wisconsin real estate is transferred, Sec. 877.16 allows the foreign representative the authority to extend to Wisconsin the powers granted by the other state. There is no clear authorization for any fee. It seems reasonable to charge a filing fee like other probate cases.

Three potential options:
1) The $20 minimum fee should be considered, if not a percentage of the value of the assets located in this jurisdiction under Sec. 814.66(1)(a).

2) Another point of reference is the Clerk of Court collecting $15 upon the filing of a foreign judgment under Sec. 806.24. Sec. 814.61(6)

3) Under Sec. 814.61(1)(a), "at the commencement of all civil actions and special proceedings not specified in ss. 814.62 to 814.66" the Clerk of Court shall collect $75.

Foreign Guardianships

In 2018, Wisconsin enacted Chapter 53 of the Wisconsin Statutes, Uniform Adult Guardianship Jurisdiction. Chapter 53 covers the process to transfer guardianship from another state and to register guardianship orders from another state. These were previously included in Chapter 54 with no fee directive. Similarly, Chapter 53 is silent regarding a fee.

Transferring a guardianship from another state would involve ongoing court oversight under Wisconsin law. A filing fee consistent with new guardianship files should be considered. For guardian of the person, a $20 minimum filing fee is an option. The $15 for filing a foreign order is an alternative. For guardian of the estate, it would be reasonable to impose a fee based on the value estate using the $20 minimum and $.02% of amounts over $50,000.

Registering guardianship orders is analogous to filing a foreign judgment for which the Clerk of Court collects a $15 filing fee, as referenced above. Such a fee seems reasonable and should be considered.

Adult Adoptions

Section 814.61 covers fees to the Circuit Court and fees at the commencement of a civil action. Several civil actions are specifically excluded from a fee, including adoption of minors. Sec. 814.61(1)(c)5. Adult adoptions are voluntary civil matters under Wis. Stats. Chapter 882, with no

mention of a fee. A filing fee should be considered for this civil matter, such as $75 under Sec. 814.61(1)(a).

Trust Litigation

Prior to 2014, court cases concerning trusts were filed with the Register in Probate in some counties. In other counties, cases involving trusts were filed with the Clerk of Circuit Court with payment of the applicable civil filing fee. The Wisconsin Trust Code, effective June 1, 2014, assigns exclusive subject matter jurisdiction to "the circuit court assigned to exercise probate jurisdiction." Wis. Stats. Sec. 701.0203.

The fee statute for the Register in Probate was not changed in 2014. None of the fees contained in 814.66 apply to trusts. It seems unlikely that the legislature intended no fee be required for filing trust cases. These cases are often complex and routinely involve lengthy court hearings. All of this utilizes considerable court and staff time.

The $20 minimum should at least be considered. Or again, $75 for a civil matter under Sec. 814.61(1)(a) would be reasonable and appropriate. A Trust Trailer Bill group is looking at trust law revisions and the applicable filing fee for trust cases. I am also aware of a trust and estates disputes/litigation study group. Both of these groups support a fee. I believe the Trust Trailer Bill group recommends the filing fee of $265 be included in Chapter 701 for trust case filings. This is roughly equivalent to a civil case filing fee of $265.50 which is a $75 filing fee plus surcharges.

Employees of the Clerk of Court and Register in Probate are all county employees, usually working in proximity to the court, if not in the same office using the same equipment. The employees use CCAP provided computers and printers as well as county provided copiers. There is no discernable difference in these two offices related to copying and issuing certificates. There is no logical basis to charge different fees and costs that could cause confusion for users of the court system.

The Register in Probate and Circuit Court Commissioner in Sawyer County recalls a bill passed to increase copies and certifications in probate to the same amount charged by the Clerk of Court. Governor Doyle, in office from 2003 to 2011, vetoed the bill as a tax increase.

Summary of Proposed Changes

Revise statutes for consistency.

Require filing fee upon filing foreign letters under Sec. 877.16. Either clearly state within Sec. 877.16 or add to Sec. 814.66(1). In my opinion, $15 is most appropriate as it is consistent with filing a foreign judgment. The $20 probate minimum would also be reasonable and consistent.

Require filing fee upon transferring a foreign guardianship, clearly stated within Chapter 53 or added to Sec. 814.66(1). In my opinion, it would be appropriate and reasonable to impose a fee based on the value estate using the $20 minimum and $.02% of amounts over $50,000, like any new guardianship case.

Require a filing fee for registering a foreign judgment. The $20 probate minimum would also be reasonable and consistent with filing new guardianships. Alternatively, $15 is consistent with filing a foreign judgment.

Sec. 814.66(1) could be revised to refer to the fee for foreign judgment as required by Sec. 814.61(6) if the fee for filing foreign letters and filing a foreign guardianship is deemed to be $15, the same as 814.61(6). The $20 probate minimum would also be reasonable and consistent.

Require a filing fee for adult adoptions, clearly stated within Chapter 882. In my opinion, the civil filing fee should apply, currently $75 under Sec. 814.61(1)(a).

Require a filing fee for trust cases filed in probate, clearly stated within Chapter 701 or Sec. 814.66(1). In my opinion, the civil filing fee of $75 should apply.

Require fees and costs charged by the Clerk of Court and Register in Probate to be the same for the same item or service.

ARTICLE I
TITLE AND AUTHORITY

This amended Cooperative Law Enforcement Agreement ("Agreement") is made effective as of this ____ day of February, 2021 between the Lac Courte Oreilles Band of Lake Superior Chippewa Indians (the "Tribe"), an inherently sovereign Indian Tribe organized pursuant to the provisions of the Indian Reorganization Act of 1934, 25 US.C. Sec 461 *et seq.,* and Sawyer County, a political subdivision of the State of Wisconsin, duly organized as a County under state law (the "County"); and Sawyer County Sheriff's Office (the "Sheriff's Office"), collectively referred to as the "Parties," and each is a "Party."

The County is authorized to enter into this Agreement pursuant to Wis. Stat. § 165.90 and properly approved this Agreement with adoption of the attached Resolution, as required by Wis. Stat. § 59.54(12) *(See Exhibit 1-County Resolution).* The Tribal Governing Board, as the governing body of the Tribe, is authorized to enter into agreements, including this Agreement, with other governmental bodies, including "with any County" pursuant to Article V, Section 1 (c) of the Constitution and Bylaws of the Tribe and properly approved this Agreement with adoption of the attached Resolution *(See Exhibit 2-LCO Resolution).* This Agreement is in the nature of an enforceable contract and a cooperative County-Tribe law enforcement program under Wis. Stat § 165.90

[This space intentionally left blank]

ARTICLE II
MISSION STATEMENT

The Tribe and the County wish to promote the general welfare of all residents of Sawyer County; by providing improved law enforcement coverage thereby increasing their ability to protect life and property; to preserve the public peace and to maintain order, with focus on the Tribe's Reservation. Continued funding of the Program, as described in Article III of this Agreement, is necessary for the Tribe and the County to achieve this Mission Statement.

[This space intentionally left blank]

ARTICLE III
PROGRAM ELEMENTS

A. PROGRAM DESCRIPTION

The cooperative law enforcement program between the Tribe and the County will provide the necessary funding (salary, fringe, equipment) for the County to employ part-time Deputies (the "County-Tribe Deputies").The County-Tribe Deputies will be deputized to enforce the laws of the State of Wisconsin (the "State") and the County; work within the Tribe's Reservation; enforce State and County laws, along with the laws of the Tribe; and fulfill the duties and obligations as specified in Article III, Section D of this Agreement (collectively the "Program"). In any case, as is noted in Section D, over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. The Parties agree that referrals may not be able to be made to the tribal court in two specific instances related to civil violations accompanying criminal violations and a first OWI. If a civil violation accompanies a criminal violation, that matter may be sent to County Court, if reasonably necessary to accompany criminal violations. Also, in relation to a first OWI, if a Tribal Officer is not available to handle the referral at the time of the stop, the matter may be sent to Sawyer County Court. Both of these exceptions shall not impair the offender's ability to request a transfer to tribal court for any civil violation, including a first OWI. As used in this Agreement, the "Tribe's Reservation" refers to the territory described in Article I, Section 1 of the Amended Constitution and Bylaws of the Tribe, in addition to all other land that qualifies as Indian country pursuant to 18 U.S.C. 1151.

The County and the Tribe will administer the Program within Sawyer County, which is the fifth largest in the State with an area of 1,256 square miles. The population of Sawyer County was 16,558 in 2020, an increase from 2019. (*See Exhibit 3-DOJ Grant Preliminary Data)* Specifically, the Program will continue to serve the Tribe's Reservation, which is approximately 78,045 acres and has 412 miles of County and State roads. The Tribe currently has 7,987 enrolled Tribal Members of which 2,567 Members reside on the reservation. *(See Exhibit 4-LCO Population Report).*

The number of Tribal Members continues to increase. Members and their families continue to return from metropolitan areas across the country. It is important to note that this has contributed to ongoing alcohol/drug abuse problems on the reservation. The Tribe alone is unable to adequately address these law enforcement concerns.

B. NEED FOR FUNDING

The County-Tribe Deputy will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation. The size and unique nature of Sawyer County, the grant of jurisdiction under Public Law 280, staffing and funding limitations of the Sheriff's Office and the

Tribe's Law Enforcement Department and increased crime all justify continued funding of the Program.

Sawyer County is a high tourism area. Visitors travel to Sawyer County for numerous reasons, including fishing, skiing, golfing, biking, motor sports and other outdoor activities and events. At peak times, the population will double or triple. The large number of tourists contributes to increased calls for all law enforcement agencies.

The Tribe and the Sheriff's Office have identified increased youth crime rates, methamphetamine abuse, heroin abuse, opioid abuse, alcohol and other drug abuse, domestic violence and gang related activity as some of the most urgent law enforcement problems within the Tribe's Reservation. Sheriff's Office records indicate a significant number of crime complaints in Sawyer County *(See Exhibit 5-SWSO Crime Statistics).* In addition, the Lac Court Oreilles Tribe's records indicate a significant number of crime complaints on the LCO Reservation *(See Exhibit 6- LCO PD Crime Statistics).* It should be noted that Exhibits 5 and 6 relating to crime statistics, and the additional materials provided therein, are included in the reporting requirements of Wis. Stat. 165.90 (4)(b).

On August 16, 1991, the State Governor and the Chairman of the Tribe signed the first gaming compact between the State and the Tribe, which authorized casino-style class III games. The Tribe continues to work hard to expand its gaming market. The number of people who travel to the Tribe's Reservation to visit its gaming establishment continues to increase. The need for additional law enforcement personnel increases with the number of people in the area.

Public Law 280 mandates that the State, through its counties, provide law enforcement services to Indian country in Wisconsin. The County must pay for these services on the Tribe's Reservation out of its funding sources, including the tax base. Since the Tribe's Reservation generally is exempt from state and local property taxation, it generally does not add to the property tax base to pay for County law enforcement. Therefore, Public Law 280 puts an added burden on the County without supplying funding to offset the additional burden. The County simply is unable to provide law enforcement needed on the Tribe's Reservation without additional funding. To compound the problem, the application of Public Law 280 to the Tribe's Reservation has hindered the Tribe's efforts to secure adequate law enforcement funding from federal sources.

The Sheriff's Office has a staff that currently includes only eighteen (18) full-time Patrol Deputies and two (2) Investigators. The Sheriff's Office provides 24-hour coverage seven days per week for the County, the fifth largest in the State with an area of 1,256 square miles. In doing so, the Sheriff's Office provides law enforcement coverage to the Tribe's Reservation as required under Public Law 280 and responds to all calls when there are no Tribal Deputies on-duty. In addition, the Sheriff's Office provides backup for Tribal Deputies during potentially dangerous calls for service.

It is a challenge for the Sheriff's Office to provide adequate law enforcement coverage throughout the entire County. On a normal shift, three Patrol Deputies, including a Supervisor, are working. This number may be lower depending on vacation schedules and sick days. The County-Tribe Deputies devoted to the Reservation will continue to alleviate the burden on the understaffed Sheriff's Office, allowing the Sheriff's Office to increase law enforcement activities within the off-reservation portion of the County and provides for a quicker response time on the LCO Reservation.

In 2004, in an effort to provide additional law enforcement to the residents of the Tribe's Reservation, the Tribe established and funded a Law Enforcement Department, which currently includes seven (7) full-time Officers and two (2) part-time Officers. The LCO Tribe estimates that for 2021, the Law Enforcement Department will have significant revenue shortfall of approximately $200,000.00 unless it secures significant, additional outside funding sources.

With its limited staff, the Tribe's Law Enforcement Department strives to provide 24-hour coverage seven days a week, but on occasions, such as vacation time or officer's sick leave, no Tribal Officer is on duty.

The County-Tribe Deputies funded under the Program will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation and will serve to build increased cooperation between the various law enforcement agencies. In this regard, it is important to note that the Tribe and the County have worked hard to cooperate in many areas, including in the area of law enforcement, for the benefit of County residents.
For example,

On January 28, 2020, as a result of an LCO Police Department investigation into illegal drug activity, Sawyer County Deputies assisted the LCO Police Department in the execution of a search warrant on a residence suspected of trafficking illegal drugs. As a result, an individual was arrested and charged with Possession of Heroin with Intent to Manufacture/Deliver.

On August 27, 2020, Sawyer County Deputies responded to a drug overdose on the LCO Reservation that resulted in the death of a young female. Through joint investigations and evidence collection, authorities were able to arrest the individual that provided the illegal drugs to the victim. The individual was charged and later convicted of 1st Degree Reckless Homicide/Deliver Drugs.

On September 26, 2020 Sawyer County Deputies responded to the scene of a residential structure fire on the LCO Reservation. Once the fire was extinguished it was determined the fire was suspicious in nature resulting in an investigation. Through cooperative efforts of the Sawyer County Sheriff's Office and the LCO Police Department, the scene was secured until special agents from the State Department of

Criminal Investigation arrived. The fire was most likely started due to arson and the investigation is currently active.

Currently the Sawyer County Sheriff's Office is assisting the LCO Police Department in locating a missing person. The joint efforts to locate the individual include aerial searches, interviewing possible witnesses and investigating information that may lead to the persons whereabouts. As of this writing the subject remains missing.

However, even with these types of activities, drug activity continues to be most significant in Sawyer County and on the Tribe's Reservation. With on-going arrests and joint investigations, the drug abuse, most significantly methamphetamine and opioid abuse in Sawyer County continues to grow at an alarming rate. The County-Tribe Deputies will continue to serve an important role in deterring and addressing these activities. In 2020 to date, there have been twelve (12) drug related deaths in Sawyer County. The heroin and methamphetamine epidemic in Sawyer County remain a significant problem in Sawyer County and on the LCO Reservation.

The 2021 proposed cost for the Program is Fifty Thousand, Four Hundred Seventy-Seven and 00/100 ($50,477), with a combined base salary cost for part-time County-Tribe Deputies and Dispatchers of Fifty Two Thousand and 00/100 ($52,000), including fringe benefits *(See Exhibit 5- 2021 Proposed Budget)*. The remaining costs identified in the 2021 Proposed Budget are usual and necessary costs incident to the position and are estimates based upon past amounts and projected future increases.

C. ADMINISTRATION AND DISBURSEMENT

The County will administer the funds received under the Program for the County-Tribe Deputies, including all costs identified in *Exhibit 5-2021 Proposed Budget*. The County shall disburse funds in accordance with its normal payroll and expense reimbursement practices. At the end of any Program year, any remaining fund balance will be used for jail space in accordance with the Memorandum of Understanding for Jail Services between the Tribe, County and Sheriff's Office *(See Exhibit 7-MOU)* or shall be distributed to the Tribe for its use solely for law enforcement purposes, as determined by the Tribe.

D. LAW ENFORCEMENT SERVICES

Nothing in this Agreement will limit, in anyway, the obligation of the Sheriff's Office under Public Law 280. Therefore, the Sheriff's Department will continue to provide law enforcement on the Tribe's Reservation and without limitation, will respond to calls for assistance by the County-Tribe Deputies to assist in enforcing State, County and Tribal laws on the Tribe's Reservation. Over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. Consistent

with this, the County-Tribe Deputies will work within the Tribe's Reservation; enforce State criminal laws, along with the laws of the Tribe; and fulfill the following duties in addition to those stated in (*Exhibit 8-Job Description):*

1. Enforce State criminal laws, codes and ordinances on the Tribe's Reservation in the capacity of Deputy Sheriff. All non-criminal citations will be referred to Tribal Law Enforcement to be filed in Tribal Court.

2. Refer all violations of Tribal laws, codes and ordinances on the Tribe's Reservation to Tribal Law Enforcement.

3. Patrol the Tribe's Reservation to provide a law enforcement presence to deter crime and perform duties of a patrol officer.

4. Enforce court orders of the County and the Tribe.

5. Appear in the courts of the County and the Tribe.

6. Respond to accidents, including administering first aid, completing accident reports and issuing citations.

7. Investigate crime on the Tribe's Reservation, including violent domestic abuse, child abuse and neglect, vandalism, burglaries, property crimes, substance abuse and elder abuse.

8. Investigate complaints on the Tribe's Reservation and refer to appropriate agencies.

9. Patrol and respond to calls on the Tribal Reservation and assist other law enforcement agencies outside of the Tribal Reservation only when necessary.

10. The Sheriff and/or designee will report to the Tribe on a quarterly basis to account for the officer's time and statistical information as agreed and be available for meetings with the Tribe as reasonably requested.

11. The Sheriff and/or designee will be available to attend Public Safety Committee meetings as requested by the Tribe.

12. When requested, the Sawyer County Truancy Deputy will assist with programs in the Tribe's LCO Ojibwe School-Waadookodaading and Hayward schools to implement juvenile intervention programs and promote a greater understanding between youth and law enforcement.

13. Provide crime prevention assistance to persons living on the Tribe's Reservation, as well as the Tribe and its programs and enterprises.

14. The Sheriff and/or designee will act as liaison between the governments of the County and the Tribe.

E. SUPERVISION AND CONTROL

The County Sheriff, and/or designee, shall supervise and control the County-Tribe Deputies in the performance of all duties, including scheduling work hours, data reporting, and maintenance and handling of evidence. On scheduled workdays and times, the County-Tribe Deputies shall report to the County Sheriff.

The County Sheriff, and/or designee, shall use his best efforts to schedule the County-Tribe Deputies to work on dates and times that will provide coverage to the Tribe's Reservation during periods when the Tribal Deputies are not scheduled. The County Sheriff, and/or designee, and the Tribe shall periodically conference to discuss scheduling requirements.

F. PROGRAM INPUT

The Program provides for coordination between the County and the Tribe regarding law enforcement within the Tribe's Reservation through the consistent and active presence of the County-Tribe Deputies within the Tribe's Reservation. When requested, the County-Tribe Deputies shall prepare and provide to the Tribal Governing Board and the LCO Public Safety Commission a monthly report detailing activities. In addition, the County-Tribe Deputies, County Sheriff, and/or designee and Public Safety Committee shall meet with the Tribe upon reasonable request to discuss the Program.

G. DEPUTIZING, TRAINING, INSURANCE AND HIRING

The County-Tribe Deputies are subject to the minimum qualifications stated in this Section G, including the willingness of the County Sheriff to deputize such person. The County will provide all bonding, liability, worker's compensation, vehicle and all additional required insurances and shall provide the Tribe with written proof of such coverage upon request of the Tribe. The County will provide all necessary training to the County-Tribe Deputies.

There will be reasonable efforts to hire Tribal members in accordance with the tribal preference policy of the Tribe pursuant to 14 LCOTCL §1.402.

The Sheriff's Office will use its best efforts to provide law enforcement coverage to the Tribe's Reservation during times the regularly scheduled LCO Tribal Police are on vacation, holiday, sick, disability or other leave.

The Sawyer County Sheriff's Office will utilize the County approved testing, screening and selection procedures to develop a list of qualified personnel to provide law enforcement coverage to the Tribe's Reservation.

The Tribe and County agree that the County-Tribe Deputies must meet the following minimum qualifications prior to employment:

1. Shall be over the age of 18;

2. Shall possess a high school diploma or the equivalent;

3. Shall possess a valid Wisconsin driver's license;

4. Shall not have been convicted of any state or federal felony crimes;

5. Shall be free of any physical, emotional or mental condition that may adversely affect the performance of duties;

6. Shall be of good moral character;

7. Shall have completed basic police recruit academy and be certified by the State of Wisconsin as a police officer; and

8. Shall be deputized by the County Sheriff after satisfying the above standards and shall meet all requirements of the Wisconsin Training and Standards Bureau to maintain their certification as a Wisconsin Law Enforcement Officer.

H. RECORDS AND DATA COLLECTION

The County-Tribe Deputies will prepare, complete and maintain records and data in accordance with applicable policies, procedures and practices of the Sheriff's Office.

The Sheriff's and/or designee will maintain the County-Tribe Deputies original records of incidents, complaints, violations and relevant statistical information and shall provide all such materials to the Tribe. The Tribe shall maintain records of incidents, complaints and violations of Tribal Law solely at the Tribe's Law Enforcement Department. The Sheriff's Office and the Tribe's Law Enforcement Department shall maintain such records as confidential to the extent required by law.

The Parties agree to cooperate in timely preparation and submission of the annual report required under Wis. Stat. 165.90 (4) (b).

I. MISCELLANEOUS PROVISIONS

Any notice permitted or required under this Agreement shall be deemed duly provided if transmitted by facsimile to the number listed below and followed by a hard copy sent first class mail to the applicable address; or if delivered personally; or if sent

certified mail, return receipt requested to the applicable address:

All immunities of the Tribe, as recognized by law, shall inure to the benefit of the County-Tribe Deputies and other County law enforcement Deputies when assisting in enforcing the Tribe's laws upon deputation of such Deputies. All of the immunities, including conditional immunities, of the County shall inure to the benefit of the County-Tribal Deputies when acting as a deputy of the County under the Program.

Neither the Tribe nor its officers, directors, employees, representatives, or agents shall be liable to the County or Sheriff's Office or any of their respective Deputies, directors, employees, representatives or agents for any loss, damage, expense or casualty arising from any acts or omissions of the County-Tribe Deputies in performance of the Agreement.

The Tribe, County and Sheriff's Office each shall indemnify, defend and hold the other party or parties harmless from and against all liabilities, awards, damages, expenses and fees, including reasonable attorney fees and court costs, arising from or in connection with any action, suit or claim brought by any third party arising from or in connection with the negligent or intentional acts or omissions of their respective Deputies, directors, employees, representatives, agents and their successors and assigns in the performance of this Agreement.

The County and Sheriff's Office acknowledge that the Tribe is a federally recognized Indian tribe, which possesses sovereign immunity from suit, unless expressly waived by the Tribe or Congress. Nothing in this Agreement shall be interpreted to waive the sovereign immunity of the Tribe.

Nothing in this Agreement shall be construed to cede or confer any jurisdiction on any Party, to waive any immunities, to modify the legal requirements for arrest or search and seizure or to otherwise modify the legal rights of any person, to accomplish any act that would violate State or federal law or subject the Parties to any liability to which they are not otherwise subject to under law.

This Agreement shall be interpreted in accordance with the laws of the State of Wisconsin and it may not be varied or modified in any manner, except in a subsequent writing executed by the Parties.

This Agreement constitutes the entire understanding between the Parties with respect to the subject matter of this Agreement and supersedes any prior discussions, negotiations, agreements or understandings.

The failure of any Party to insist upon the performance of any terms or conditions, or the waiver of any breach shall not be construed as thereafter waiving any such terms and conditions or a subsequent breach.

No Party shall be in default or otherwise responsible for a failure to perform any obligation under this Agreement because of an act of God, act of war or terrorism, civil disturbance, epidemic, pandemic, unavailability of labor, material, power or communication. In any such event, the Party so claiming shall provide the other Parties with prompt written notice explaining the event.

The headings contained in this Agreement are for convenience and reference purposes only and shall not be construed as affecting the interpretation or meaning of the terms or conditions of this Agreement.

The invalidity of any portion of this Agreement shall not be deemed to affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be affected, but shall be enforceable to the fullest extent permitted by law.

This Agreement may be executed in any number of counterparts; each of which when executed and delivered shall be an original, but all such counterparts shall constitute the same agreement.

This Agreement shall not be in effect until approved by resolution of the Tribe and County and signed by an authorized signatory of each party. This Agreement shall remain in effect during the applicable funding year. This Agreement is contingent upon approval by the State Department of Justice as a cooperative County-Tribe law

enforcement program and the receipt of the necessary funding for implementation under Wis. Stat. 165.90.

Each signatory to this Agreement represents that he has the legal authority to sign this document.

ARTICLE I
TITLE AND AUTHORITY

This amended Cooperative Law Enforcement Agreement ("Agreement") is made effective as of this ____ day of February, 2021 between the Lac Courte Oreilles Band of Lake Superior Chippewa Indians (the "Tribe"), an inherently sovereign Indian Tribe organized pursuant to the provisions of the Indian Reorganization Act of 1934, 25 US.C. Sec 461 *et seq.,* and Sawyer County, a political subdivision of the State of Wisconsin, duly organized as a County under state law (the "County"); and Sawyer County Sheriff's Office (the "Sheriff's Office"), collectively referred to as the "Parties," and each is a "Party."

The County is authorized to enter into this Agreement pursuant to Wis. Stat. § 165.90 and properly approved this Agreement with adoption of the attached Resolution, as required by Wis. Stat. § 59.54(12) *(See Exhibit 1-County Resolution).* The Tribal Governing Board, as the governing body of the Tribe, is authorized to enter into agreements, including this Agreement, with other governmental bodies, including "with any County" pursuant to Article V, Section 1 (c) of the Constitution and Bylaws of the Tribe and properly approved this Agreement with adoption of the attached Resolution *(See Exhibit 2-LCO Resolution).* This Agreement is in the nature of an enforceable contract and a cooperative County-Tribe law enforcement program under Wis. Stat § 165.90

[This space intentionally left blank]

ARTICLE II
MISSION STATEMENT

The Tribe and the County wish to promote the general welfare of all residents of Sawyer County; by providing improved law enforcement coverage thereby increasing their ability to protect life and property; to preserve the public peace and to maintain order, with focus on the Tribe's Reservation. Continued funding of the Program, as described in Article III of this Agreement, is necessary for the Tribe and the County to achieve this Mission Statement.

[This space intentionally left blank]

ARTICLE III
PROGRAM ELEMENTS

A. PROGRAM DESCRIPTION

The cooperative law enforcement program between the Tribe and the County will provide the necessary funding (salary, fringe, equipment) for the County to employ part-time Deputies (the "County-Tribe Deputies").The County-Tribe Deputies will be deputized to enforce the laws of the State of Wisconsin (the "State") and the County; work within the Tribe's Reservation; enforce State and County laws, along with the laws of the Tribe; and fulfill the duties and obligations as specified in Article III, Section D of this Agreement (collectively the "Program"). In any case, as is noted in Section D, over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. The Parties agree that referrals may not be able to be made to the tribal court in two specific instances related to civil violations accompanying criminal violations and a first OWI. If a civil violation accompanies a criminal violation, that matter may be sent to County Court, if reasonably necessary to accompany criminal violations. Also, in relation to a first OWI, if a Tribal Officer is not available to handle the referral at the time of the stop, the matter may be sent to Sawyer County Court. Both of these exceptions shall not impair the offender's ability to request a transfer to tribal court for any civil violation, including a first OWI. As used in this Agreement, the "Tribe's Reservation" refers to the territory described in Article I, Section 1 of the Amended Constitution and Bylaws of the Tribe, in addition to all other land that qualifies as Indian country pursuant to 18 U.S.C. 1151.

The County and the Tribe will administer the Program within Sawyer County, which is the fifth largest in the State with an area of 1,256 square miles. The population of Sawyer County was 16,558 in 2020, an increase from 2019. (*See Exhibit 3-DOJ Grant Preliminary Data)* Specifically, the Program will continue to serve the Tribe's Reservation, which is approximately 78,045 acres and has 412 miles of County and State roads. The Tribe currently has 7,987 enrolled Tribal Members of which 2,567 Members reside on the reservation. *(See Exhibit 4-LCO Population Report).*

The number of Tribal Members continues to increase. Members and their families continue to return from metropolitan areas across the country. It is important to note that this has contributed to ongoing alcohol/drug abuse problems on the reservation. The Tribe alone is unable to adequately address these law enforcement concerns.

B. NEED FOR FUNDING

The County-Tribe Deputy will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation. The size and unique nature of Sawyer County, the grant of jurisdiction under Public Law 280, staffing and funding limitations of the Sheriff's Office and the

Tribe's Law Enforcement Department and increased crime all justify continued funding of the Program.

Sawyer County is a high tourism area. Visitors travel to Sawyer County for numerous reasons, including fishing, skiing, golfing, biking, motor sports and other outdoor activities and events. At peak times, the population will double or triple. The large number of tourists contributes to increased calls for all law enforcement agencies.

The Tribe and the Sheriff's Office have identified increased youth crime rates, methamphetamine abuse, heroin abuse, opioid abuse, alcohol and other drug abuse, domestic violence and gang related activity as some of the most urgent law enforcement problems within the Tribe's Reservation. Sheriff's Office records indicate a significant number of crime complaints in Sawyer County *(See Exhibit 5-SWSO Crime Statistics).* In addition, the Lac Court Oreilles Tribe's records indicate a significant number of crime complaints on the LCO Reservation *(See Exhibit 6- LCO PD Crime Statistics).* It should be noted that Exhibits 5 and 6 relating to crime statistics, and the additional materials provided therein, are included in the reporting requirements of Wis. Stat. 165.90 (4)(b).

On August 16, 1991, the State Governor and the Chairman of the Tribe signed the first gaming compact between the State and the Tribe, which authorized casino-style class III games. The Tribe continues to work hard to expand its gaming market. The number of people who travel to the Tribe's Reservation to visit its gaming establishment continues to increase. The need for additional law enforcement personnel increases with the number of people in the area.

Public Law 280 mandates that the State, through its counties, provide law enforcement services to Indian country in Wisconsin. The County must pay for these services on the Tribe's Reservation out of its funding sources, including the tax base. Since the Tribe's Reservation generally is exempt from state and local property taxation, it generally does not add to the property tax base to pay for County law enforcement. Therefore, Public Law 280 puts an added burden on the County without supplying funding to offset the additional burden. The County simply is unable to provide law enforcement needed on the Tribe's Reservation without additional funding. To compound the problem, the application of Public Law 280 to the Tribe's Reservation has hindered the Tribe's efforts to secure adequate law enforcement funding from federal sources.

The Sheriff's Office has a staff that currently includes only eighteen (18) full-time Patrol Deputies and two (2) Investigators. The Sheriff's Office provides 24-hour coverage seven days per week for the County, the fifth largest in the State with an area of 1,256 square miles. In doing so, the Sheriff's Office provides law enforcement coverage to the Tribe's Reservation as required under Public Law 280 and responds to all calls when there are no Tribal Deputies on-duty. In addition, the Sheriff's Office provides backup for Tribal Deputies during potentially dangerous calls for service.

It is a challenge for the Sheriff's Office to provide adequate law enforcement coverage throughout the entire County. On a normal shift, three Patrol Deputies, including a Supervisor, are working. This number may be lower depending on vacation schedules and sick days. The County-Tribe Deputies devoted to the Reservation will continue to alleviate the burden on the understaffed Sheriff's Office, allowing the Sheriff's Office to increase law enforcement activities within the off-reservation portion of the County and provides for a quicker response time on the LCO Reservation.

In 2004, in an effort to provide additional law enforcement to the residents of the Tribe's Reservation, the Tribe established and funded a Law Enforcement Department, which currently includes seven (7) full-time Officers and two (2) part-time Officers. The LCO Tribe estimates that for 2021, the Law Enforcement Department will have significant revenue shortfall of approximately $200,000.00 unless it secures significant, additional outside funding sources.

With its limited staff, the Tribe's Law Enforcement Department strives to provide 24-hour coverage seven days a week, but on occasions, such as vacation time or officer's sick leave, no Tribal Officer is on duty.

The County-Tribe Deputies funded under the Program will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation and will serve to build increased cooperation between the various law enforcement agencies. In this regard, it is important to note that the Tribe and the County have worked hard to cooperate in many areas, including in the area of law enforcement, for the benefit of County residents.
For example,

On January 28, 2020, as a result of an LCO Police Department investigation into illegal drug activity, Sawyer County Deputies assisted the LCO Police Department in the execution of a search warrant on a residence suspected of trafficking illegal drugs. As a result, an individual was arrested and charged with Possession of Heroin with Intent to Manufacture/Deliver.

On August 27, 2020, Sawyer County Deputies responded to a drug overdose on the LCO Reservation that resulted in the death of a young female. Through joint investigations and evidence collection, authorities were able to arrest the individual that provided the illegal drugs to the victim. The individual was charged and later convicted of 1st Degree Reckless Homicide/Deliver Drugs.

On September 26, 2020 Sawyer County Deputies responded to the scene of a residential structure fire on the LCO Reservation. Once the fire was extinguished it was determined the fire was suspicious in nature resulting in an investigation. Through cooperative efforts of the Sawyer County Sheriff's Office and the LCO Police Department, the scene was secured until special agents from the State Department of

Criminal Investigation arrived. The fire was most likely started due to arson and the investigation is currently active.

Currently the Sawyer County Sheriff's Office is assisting the LCO Police Department in locating a missing person. The joint efforts to locate the individual include aerial searches, interviewing possible witnesses and investigating information that may lead to the persons whereabouts. As of this writing the subject remains missing.

However, even with these types of activities, drug activity continues to be most significant in Sawyer County and on the Tribe's Reservation. With on-going arrests and joint investigations, the drug abuse, most significantly methamphetamine and opioid abuse in Sawyer County continues to grow at an alarming rate. The County-Tribe Deputies will continue to serve an important role in deterring and addressing these activities. In 2020 to date, there have been twelve (12) drug related deaths in Sawyer County. The heroin and methamphetamine epidemic in Sawyer County remain a significant problem in Sawyer County and on the LCO Reservation.

The 2021 proposed cost for the Program is Fifty Thousand, Four Hundred Seventy-Seven and 00/100 ($50,477), with a combined base salary cost for part-time County-Tribe Deputies and Dispatchers of Fifty Two Thousand and 00/100 ($52,000), including fringe benefits *(See Exhibit 5- 2021 Proposed Budget)*. The remaining costs identified in the 2021 Proposed Budget are usual and necessary costs incident to the position and are estimates based upon past amounts and projected future increases.

C. ADMINISTRATION AND DISBURSEMENT

The County will administer the funds received under the Program for the County-Tribe Deputies, including all costs identified in *Exhibit 5-2021 Proposed Budget*. The County shall disburse funds in accordance with its normal payroll and expense reimbursement practices. At the end of any Program year, any remaining fund balance will be used for jail space in accordance with the Memorandum of Understanding for Jail Services between the Tribe, County and Sheriff's Office *(See Exhibit 7-MOU)* or shall be distributed to the Tribe for its use solely for law enforcement purposes, as determined by the Tribe.

D. LAW ENFORCEMENT SERVICES

Nothing in this Agreement will limit, in anyway, the obligation of the Sheriff's Office under Public Law 280. Therefore, the Sheriff's Department will continue to provide law enforcement on the Tribe's Reservation and without limitation, will respond to calls for assistance by the County-Tribe Deputies to assist in enforcing State, County and Tribal laws on the Tribe's Reservation. Over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. Consistent

with this, the County-Tribe Deputies will work within the Tribe's Reservation; enforce State criminal laws, along with the laws of the Tribe; and fulfill the following duties in addition to those stated in (*Exhibit 8-Job Description):*

1. Enforce State criminal laws, codes and ordinances on the Tribe's Reservation in the capacity of Deputy Sheriff. All non-criminal citations will be referred to Tribal Law Enforcement to be filed in Tribal Court.

2. Refer all violations of Tribal laws, codes and ordinances on the Tribe's Reservation to Tribal Law Enforcement.

3. Patrol the Tribe's Reservation to provide a law enforcement presence to deter crime and perform duties of a patrol officer.

4. Enforce court orders of the County and the Tribe.

5. Appear in the courts of the County and the Tribe.

6. Respond to accidents, including administering first aid, completing accident reports and issuing citations.

7. Investigate crime on the Tribe's Reservation, including violent domestic abuse, child abuse and neglect, vandalism, burglaries, property crimes, substance abuse and elder abuse.

8. Investigate complaints on the Tribe's Reservation and refer to appropriate agencies.

9. Patrol and respond to calls on the Tribal Reservation and assist other law enforcement agencies outside of the Tribal Reservation only when necessary.

10. The Sheriff and/or designee will report to the Tribe on a quarterly basis to account for the officer's time and statistical information as agreed and be available for meetings with the Tribe as reasonably requested.

11. The Sheriff and/or designee will be available to attend Public Safety Committee meetings as requested by the Tribe.

12. When requested, the Sawyer County Truancy Deputy will assist with programs in the Tribe's LCO Ojibwe School-Waadookodaading and Hayward schools to implement juvenile intervention programs and promote a greater understanding between youth and law enforcement.

13. Provide crime prevention assistance to persons living on the Tribe's Reservation, as well as the Tribe and its programs and enterprises.

14. The Sheriff and/or designee will act as liaison between the governments of the County and the Tribe.

E. SUPERVISION AND CONTROL

The County Sheriff, and/or designee, shall supervise and control the County-Tribe Deputies in the performance of all duties, including scheduling work hours, data reporting, and maintenance and handling of evidence. On scheduled workdays and times, the County-Tribe Deputies shall report to the County Sheriff.

The County Sheriff, and/or designee, shall use his best efforts to schedule the County-Tribe Deputies to work on dates and times that will provide coverage to the Tribe's Reservation during periods when the Tribal Deputies are not scheduled. The County Sheriff, and/or designee, and the Tribe shall periodically conference to discuss scheduling requirements.

F. PROGRAM INPUT

The Program provides for coordination between the County and the Tribe regarding law enforcement within the Tribe's Reservation through the consistent and active presence of the County-Tribe Deputies within the Tribe's Reservation. When requested, the County-Tribe Deputies shall prepare and provide to the Tribal Governing Board and the LCO Public Safety Commission a monthly report detailing activities. In addition, the County-Tribe Deputies, County Sheriff, and/or designee and Public Safety Committee shall meet with the Tribe upon reasonable request to discuss the Program.

G. DEPUTIZING, TRAINING, INSURANCE AND HIRING

The County-Tribe Deputies are subject to the minimum qualifications stated in this Section G, including the willingness of the County Sheriff to deputize such person. The County will provide all bonding, liability, worker's compensation, vehicle and all additional required insurances and shall provide the Tribe with written proof of such coverage upon request of the Tribe. The County will provide all necessary training to the County-Tribe Deputies.

There will be reasonable efforts to hire Tribal members in accordance with the tribal preference policy of the Tribe pursuant to 14 LCOTCL §1.402.

The Sheriff's Office will use its best efforts to provide law enforcement coverage to the Tribe's Reservation during times the regularly scheduled LCO Tribal Police are on vacation, holiday, sick, disability or other leave.

The Sawyer County Sheriff's Office will utilize the County approved testing, screening and selection procedures to develop a list of qualified personnel to provide law enforcement coverage to the Tribe's Reservation.

The Tribe and County agree that the County-Tribe Deputies must meet the following minimum qualifications prior to employment:

1. Shall be over the age of 18;

2. Shall possess a high school diploma or the equivalent;

3. Shall possess a valid Wisconsin driver's license;

4. Shall not have been convicted of any state or federal felony crimes;

5. Shall be free of any physical, emotional or mental condition that may adversely affect the performance of duties;

6. Shall be of good moral character;

7. Shall have completed basic police recruit academy and be certified by the State of Wisconsin as a police officer; and

8. Shall be deputized by the County Sheriff after satisfying the above standards and shall meet all requirements of the Wisconsin Training and Standards Bureau to maintain their certification as a Wisconsin Law Enforcement Officer.

H. RECORDS AND DATA COLLECTION

The County-Tribe Deputies will prepare, complete and maintain records and data in accordance with applicable policies, procedures and practices of the Sheriff's Office.

The Sheriff's and/or designee will maintain the County-Tribe Deputies original records of incidents, complaints, violations and relevant statistical information and shall provide all such materials to the Tribe. The Tribe shall maintain records of incidents, complaints and violations of Tribal Law solely at the Tribe's Law Enforcement Department. The Sheriff's Office and the Tribe's Law Enforcement Department shall maintain such records as confidential to the extent required by law.

The Parties agree to cooperate in timely preparation and submission of the annual report required under Wis. Stat. 165.90 (4) (b).

I. MISCELLANEOUS PROVISIONS

All of the immunities, including conditional immunities, of the County shall inure to the benefit of the County-Tribal Deputies when acting as a deputy of the County under the Program.

Neither the Tribe nor its officers, directors, employees, representatives, or agents shall be liable to the County or Sheriff's Office or any of their respective Deputies, directors, employees, representatives or agents for any loss, damage, expense or casualty arising from any acts or omissions of the County-Tribe Deputies in performance of the Agreement.

The Tribe, County and Sheriff's Office each shall indemnify, defend and hold the other party or parties harmless from and against all liabilities, awards, damages, expenses and fees, including reasonable attorney fees and court costs, arising from or in connection with any action, suit or claim brought by any third party arising from or in connection with the negligent or intentional acts or omissions of their respective Deputies, directors, employees, representatives, agents and their successors and assigns in the performance of this Agreement.

The County and Sheriff's Office acknowledge that the Tribe is a federally recognized Indian tribe, which possesses sovereign immunity from suit, unless expressly waived by the Tribe or Congress. Nothing in this Agreement shall be interpreted to waive the sovereign immunity of the Tribe.

Nothing in this Agreement shall be construed to cede or confer any jurisdiction on any Party, to waive any immunities, to modify the legal requirements for arrest or search and seizure or to otherwise modify the legal rights of any person, to accomplish any act that would violate State or federal law or subject the Parties to any liability to which they are not otherwise subject to under law.

This Agreement shall be interpreted in accordance with the laws of the State of Wisconsin and it may not be varied or modified in any manner, except in a subsequent writing executed by the Parties.

This Agreement constitutes the entire understanding between the Parties with respect to the subject matter of this Agreement and supersedes any prior discussions, negotiations, agreements or understandings.

The failure of any Party to insist upon the performance of any terms or conditions, or the waiver of any breach shall not be construed as thereafter waiving any such terms and conditions or a subsequent breach.

No Party shall be in default or otherwise responsible for a failure to perform any obligation under this Agreement because of an act of God, act of war or terrorism, civil disturbance, epidemic, pandemic, unavailability of labor, material, power or communication. In any such event, the Party so claiming shall provide the other Parties with prompt written notice explaining the event.

The headings contained in this Agreement are for convenience and reference purposes only and shall not be construed as affecting the interpretation or meaning of the terms or conditions of this Agreement.

The invalidity of any portion of this Agreement shall not be deemed to affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be affected, but shall be enforceable to the fullest extent permitted by law.

This Agreement may be executed in any number of counterparts; each of which when executed and delivered shall be an original, but all such counterparts shall constitute the same agreement.

This Agreement shall not be in effect until approved by resolution of the Tribe and County and signed by an authorized signatory of each party. This Agreement shall remain in effect during the applicable funding year. This Agreement is contingent upon approval by the State Department of Justice as a cooperative County-Tribe law

enforcement program and the receipt of the necessary funding for implementation under Wis. Stat. 165.90.

Each signatory to this Agreement represents that he has the legal authority to sign this document.

The Parties have made this 2021 Cooperative Agreement operative as set forth herein.

Dear Ms. Gentile

Enclosed you will find our completed application for the 2021 County/Tribal Law Enforcement Grant for Sawyer County/Lac Court Oreilles Band of Lake Superior Chippewa Indians.

This grant continues to remain very important to Sawyer County and the people we serve, as it allows us to support the Lac Court Oreilles Tribal Police Department and the communities on the LCO Reservation. With the grant, we are able to help provide services that are more efficient to the residents of the Lac Court Oreilles Reservation and throughout our large county of 1,350 square miles. Calls for service on the Lac Court Oreilles Reservation utilize our resources more than any other specific area of Sawyer County and this grant helps us provide Deputies and other personnel to the reservation that we would not be able to provide without this grant.

Again, in 2021, we look forward to continuing our close working relationship with the Lac Court Oreilles Tribe, to use this grant in its fullest extent to serve the people of Sawyer County and the Lac Court Oreilles Reservation, to the best of our abilities.

I again thank you for your assistance and for the opportunity to apply for the 2021 County/Tribal Law Enforcement Grant.

Sincerely,

J. E. Sajdera

Joe Sajdera,
Chief Deputy

ARTICLE I
TITLE AND AUTHORITY

This Cooperative Law Enforcement Agreement ("Agreement") is made this 25th day of November, 2020 between the Lac Courte Oreilles Band of Lake Superior Chippewa Indians (the "Tribe"), an inherently sovereign Indian Tribe organized pursuant to the provisions of the Indian Reorganization Act of 1934, 25 US.C. Sec 461 *et seq.,* and Sawyer County, a political subdivision of the State of Wisconsin, duly organized as a County under state law (the "County"); and Sawyer County Sheriff's Office (the "Sheriff's Office"), collectively referred to as the "Parties," and each is a "Party."

The County is authorized to enter into this Agreement pursuant to Wis. Stat. § 165.90 and properly approved this Agreement with adoption of the attached Resolution, as required by Wis. Stat. § 59.54(12) *(See Exhibit 1-County Resolution).* The Tribal Governing Board, as the governing body of the Tribe, is authorized to enter into agreements, including this Agreement, with other governmental bodies, including "with any County" pursuant to Article V, Section 1 (c) of the Constitution and Bylaws of the Tribe and properly approved this Agreement with adoption of the attached Resolution *(See Exhibit 2-LCO Resolution).* This Agreement is in the nature of an enforceable contract and a cooperative County-Tribe law enforcement program under Wis. Stat § 165.90

[This space intentionally left blank]

ARTICLE II
MISSION STATEMENT

The Tribe and the County wish to promote the general welfare of all residents of Sawyer County; by providing improved law enforcement coverage thereby increasing their ability to protect life and property; to preserve the public peace and to maintain order, with focus on the Tribe's Reservation. Continued funding of the Program, as described in Article III of this Agreement, is necessary for the Tribe and the County to achieve this Mission Statement.

[This space intentionally left blank]

ARTICLE III
PROGRAM ELEMENTS

A. PROGRAM DESCRIPTION

The cooperative law enforcement program between the Tribe and the County will provide the necessary funding (salary, fringe, equipment) for the County to employ part-time Deputies (the "County-Tribe Deputies").The County-Tribe Deputies will be deputized to enforce the laws of the State of Wisconsin (the "State") and the County; work within the Tribe's Reservation; enforce State and County laws, along with the laws of the Tribe; and fulfill the duties and obligations as specified in Article III, Section D of this Agreement (collectively the "Program"). In any case, as is noted in Section D, over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. As used in this Agreement, the "Tribe's Reservation" refers to the territory described in Article I, Section 1 of the Amended Constitution and Bylaws of the Tribe, in addition to all other land that qualifies as Indian country pursuant to 18 U.S.C. 1151.

The County and the Tribe will administer the Program within Sawyer County, which is the fifth largest in the State with an area of 1,256 square miles. The population of Sawyer County was 16,558 in 2020, an increase from 2019. (S*ee Exhibit 3-DOJ Grant Preliminary Data)* Specifically, the Program will continue to serve the Tribe's Reservation, which is approximately 78,045 acres and has 412 miles of County and State roads. The Tribe currently has 7,987 enrolled Tribal Members of which 2,567 Members reside on the reservation. *(See Exhibit 4-LCO Population Report).*

The number of Tribal Members continues to increase. Members and their families continue to return from metropolitan areas across the country. It is important to note that this has contributed to ongoing alcohol/drug abuse problems on the reservation. The Tribe alone is unable to adequately address these law enforcement concerns.

B. NEED FOR FUNDING

The County-Tribe Deputy will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation. The size and unique nature of Sawyer County, the grant of jurisdiction under Public Law 280, staffing and funding limitations of the Sheriff's Office and the Tribe's Law Enforcement Department and increased crime all justify continued funding of the Program.

Sawyer County is a high tourism area. Visitors travel to Sawyer County for numerous reasons, including fishing, skiing, golfing, biking, motor sports and other outdoor activities and events. At peak times, the population will double or triple. The large number of tourists contributes to increased calls for all law enforcement agencies.

The Tribe and the Sheriff's Office have identified increased youth crime rates, methamphetamine abuse, heroin abuse, opioid abuse, alcohol and other drug abuse, domestic violence and gang related activity as some of the most urgent law enforcement problems within the Tribe's Reservation. Sheriff's Office records indicate a significant number of crime complaints in Sawyer County *(See Exhibit 5-SWSO Crime Statistics).* In addition, the Lac Court Oreilles Tribe's records indicate a significant number of crime complaints on the LCO Reservation *(See Exhibit 6- LCO PD Crime Statistics).* It should be noted that Exhibits 5 and 6 relating to crime statistics, and the additional materials provided therein, are included in the reporting requirements of Wis. Stat. 165.90 (4)(b).

On August 16, 1991, the State Governor and the Chairman of the Tribe signed the first gaming compact between the State and the Tribe, which authorized casino-style class III games. The Tribe continues to work hard to expand its gaming market. The number of people who travel to the Tribe's Reservation to visit its gaming establishment continues to increase. The need for additional law enforcement personnel increases with the number of people in the area.

Public Law 280 mandates that the State, through its counties, provide law enforcement services to Indian country in Wisconsin. The County must pay for these services on the Tribe's Reservation out of its funding sources, including the tax base. Since the Tribe's Reservation generally is exempt from state and local property taxation, it generally does not add to the property tax base to pay for County law enforcement. Therefore, Public Law 280 puts an added burden on the County without supplying funding to offset the additional burden. The County simply is unable to provide law enforcement needed on the Tribe's Reservation without additional funding. To compound the problem, the application of Public Law 280 to the Tribe's Reservation has hindered the Tribe's efforts to secure adequate law enforcement funding from federal sources.

The Sheriff's Office has a staff that currently includes only eighteen (18) full-time Patrol Deputies and two (2) Investigators. The Sheriff's Office provides 24-hour coverage seven days per week for the County, the fifth largest in the State with an area of 1,256 square miles. In doing so, the Sheriff's Office provides law enforcement coverage to the Tribe's Reservation as required under Public Law 280 and responds to all calls when there are no Tribal Deputies on-duty. In addition, the Sheriff's Office provides backup for Tribal Deputies during potentially dangerous calls for service.

It is a challenge for the Sheriff's Office to provide adequate law enforcement coverage throughout the entire County. On a normal shift, three Patrol Deputies, including a Supervisor, are working. This number may be lower depending on vacation schedules and sick days. The County-Tribe Deputies devoted to the Reservation will

continue to alleviate the burden on the understaffed Sheriff's Office, allowing the Sheriff's Office to increase law enforcement activities within the off-reservation portion of the County and provides for a quicker response time on the LCO Reservation.

In 2004, in an effort to provide additional law enforcement to the residents of the Tribe's Reservation, the Tribe established and funded a Law Enforcement Department, which currently includes seven (7) full-time Officers and two (2) part-time Officers. The LCO Tribe estimates that for 2021, the Law Enforcement Department will have significant revenue shortfall of approximately $200,000.00 unless it secures significant, additional outside funding sources.

With its limited staff, the Tribe's Law Enforcement Department strives to provide 24-hour coverage seven days a week, but on occasions, such as vacation time or officer's sick leave, no Tribal Officer is on duty.

The County-Tribe Deputies funded under the Program will continue to work closely with members of the Tribe's Law Enforcement Department to deter and solve crime on the Tribe's Reservation and will serve to build increased cooperation between the various law enforcement agencies. In this regard, it is important to note that the Tribe and the County have worked hard to cooperate in many areas, including in the area of law enforcement, for the benefit of County residents.
For example,

On January 28, 2020, as a result of an LCO Police Department investigation into illegal drug activity, Sawyer County Deputies assisted the LCO Police Department in the execution of a search warrant on a residence suspected of trafficking illegal drugs. As a result, an individual was arrested and charged with Possession of Heroin with Intent to Manufacture/Deliver.

On August 27, 2020, Sawyer County Deputies responded to a drug overdose on the LCO Reservation that resulted in the death of a young female. Through joint investigations and evidence collection, authorities were able to arrest the individual that provided the illegal drugs to the victim. The individual was charged and later convicted of 1st Degree Reckless Homicide/Deliver Drugs.

On September 26, 2020 Sawyer County Deputies responded to the scene of a residential structure fire on the LCO Reservation. Once the fire was extinguished it was determined the fire was suspicious in nature resulting in an investigation. Through cooperative efforts of the Sawyer County Sheriff's Office and the LCO Police Department, the scene was secured until special agents from the State Department of Criminal Investigation arrived. The fire was most likely started due to arson and the investigation is currently active.

Currently the Sawyer County Sheriff's Office is assisting the LCO Police Department in locating a missing person. The joint efforts to locate the individual include aerial searches, interviewing possible witnesses and investigating information that may lead to the persons whereabouts. As of this writing the subject remains missing.

However, even with these types of activities, drug activity continues to be most significant in Sawyer County and on the Tribe's Reservation. With on-going arrests and joint investigations, the drug abuse, most significantly methamphetamine and opioid abuse in Sawyer County continues to grow at an alarming rate. The County-Tribe Deputies will continue to serve an important role in deterring and addressing these activities. In 2020 to date, there have been twelve (12) drug related deaths in Sawyer County. The heroin and methamphetamine epidemic in Sawyer County remain a significant problem in Sawyer County and on the LCO Reservation.

The 2021 proposed cost for the Program is Fifty Thousand, Four Hundred Seventy-Seven and 00/100 ($50,477), with a combined base salary cost for part-time County-Tribe Deputies and Dispatchers of Fifty Two Thousand and 00/100 ($52,000), including fringe benefits *(See Exhibit 5- 2021 Proposed Budget)*. The remaining costs identified in the 2021 Proposed Budget are usual and necessary costs incident to the position and are estimates based upon past amounts and projected future increases.

C. ADMINISTRATION AND DISBURSEMENT

The County will administer the funds received under the Program for the County-Tribe Deputies, including all costs identified in *Exhibit 5-2021 Proposed Budget*. The County shall disburse funds in accordance with its normal payroll and expense reimbursement practices. At the end of any Program year, any remaining fund balance will be used for jail space in accordance with the Memorandum of Understanding for Jail Services between the Tribe, County and Sheriff's Office *(See Exhibit 7-MOU)* or shall be distributed to the Tribe for its use solely for law enforcement purposes, as determined by the Tribe.

D. LAW ENFORCEMENT SERVICES

Nothing in this Agreement will limit, in anyway, the obligation of the Sheriff's Office under Public Law 280. Therefore, the Sheriff's Department will continue to provide law enforcement on the Tribe's Reservation and without limitation, will respond to calls for assistance by the County-Tribe Deputies to assist in enforcing State, County and Tribal laws on the Tribe's Reservation. Over the first three months of this Agreement, the Sheriff's Department and the Tribe will work together to establish and implement an efficient system for all county deputies from that point on to properly refer all civil violations/citations occurring on the reservation to the tribal court. Consistent with this, the County-Tribe Deputies will work within the Tribe's Reservation; enforce

State criminal laws, along with the laws of the Tribe; and fulfill the following duties in addition to those stated in (*Exhibit 8-Job Description):*

1. Enforce State criminal laws, codes and ordinances on the Tribe's Reservation in the capacity of Deputy Sheriff. All non-criminal citations will be referred to Tribal Law Enforcement to be filed in Tribal Court.

2. Refer all violations of Tribal laws, codes and ordinances on the Tribe's Reservation to Tribal Law Enforcement.

3. Patrol the Tribe's Reservation to provide a law enforcement presence to deter crime and perform duties of a patrol officer.

4. Enforce court orders of the County and the Tribe.

5. Appear in the courts of the County and the Tribe.

6. Respond to accidents, including administering first aid, completing accident reports and issuing citations.

7. Investigate crime on the Tribe's Reservation, including violent domestic abuse, child abuse and neglect, vandalism, burglaries, property crimes, substance abuse and elder abuse.

8. Investigate complaints on the Tribe's Reservation and refer to appropriate agencies.

9. Patrol and respond to calls on the Tribal Reservation and assist other law enforcement agencies outside of the Tribal Reservation only when necessary.

10. The Sheriff and/or designee will report to the Tribe on a quarterly basis to account for the officer's time and statistical information as agreed and be available for meetings with the Tribe as reasonably requested.

11. The Sheriff and/or designee will be available to attend Public Safety Committee meetings as requested by the Tribe.

12. When requested, the Sawyer County Truancy Deputy will assist with programs in the Tribe's LCO Ojibwe School-Waadookodaading and Hayward schools to implement juvenile intervention programs and promote a greater understanding between youth and law enforcement.

13. Provide crime prevention assistance to persons living on the Tribe's Reservation, as well as the Tribe and its programs and enterprises.

14. The Sheriff and/or designee will act as liaison between the governments of the

County and the Tribe.

E. SUPERVISION AND CONTROL

The County Sheriff, and/or designee, shall supervise and control the County-Tribe Deputies in the performance of all duties, including scheduling work hours, data reporting, and maintenance and handling of evidence. On scheduled workdays and times, the County-Tribe Deputies shall report to the County Sheriff.

The County Sheriff, and/or designee, shall use his best efforts to schedule the County-Tribe Deputies to work on dates and times that will provide coverage to the Tribe's Reservation during periods when the Tribal Deputies are not scheduled. The County Sheriff, and/or designee, and the Tribe shall periodically conference to discuss scheduling requirements.

F. PROGRAM INPUT

The Program provides for coordination between the County and the Tribe regarding law enforcement within the Tribe's Reservation through the consistent and active presence of the County-Tribe Deputies within the Tribe's Reservation. When requested, the County-Tribe Deputies shall prepare and provide to the Tribal Governing Board and the LCO Public Safety Commission a monthly report detailing activities. In addition, the County-Tribe Deputies, County Sheriff, and/or designee and Public Safety Committee shall meet with the Tribe upon reasonable request to discuss the Program.

G. DEPUTIZING, TRAINING, INSURANCE AND HIRING

The County-Tribe Deputies are subject to the minimum qualifications stated in this Section G, including the willingness of the County Sheriff to deputize such person. The County will provide all bonding, liability, worker's compensation, vehicle and all additional required insurances and shall provide the Tribe with written proof of such coverage upon request of the Tribe. The County will provide all necessary training to the County-Tribe Deputies.

There will be reasonable efforts to hire Tribal members in accordance with the tribal preference policy of the Tribe pursuant to 14 LCOTCL §1.402.

The Sheriff's Office will use its best efforts to provide law enforcement coverage to the Tribe's Reservation during times the regularly scheduled LCO Tribal Police are on vacation, holiday, sick, disability or other leave.

The Sawyer County Sheriff's Office will utilize the County approved testing,

screening and selection procedures to develop a list of qualified personnel to provide law enforcement coverage to the Tribe's Reservation.

The Tribe and County agree that the County-Tribe Deputies must meet the following minimum qualifications prior to employment:

1. Shall be over the age of 18;

2. Shall possess a high school diploma or the equivalent;

3. Shall possess a valid Wisconsin driver's license;

4. Shall not have been convicted of any state or federal felony crimes;

5. Shall be free of any physical, emotional or mental condition that may adversely affect the performance of duties;

6. Shall be of good moral character;
7. Shall have completed basic police recruit academy and be certified by the State of Wisconsin as a police officer; and

8. Shall be deputized by the County Sheriff after satisfying the above standards and shall meet all requirements of the Wisconsin Training and Standards Bureau to maintain their certification as a Wisconsin Law Enforcement Officer.

H. RECORDS AND DATA COLLECTION

The County-Tribe Deputies will prepare, complete and maintain records and data in accordance with applicable policies, procedures and practices of the Sheriff's Office.

The Sheriff's and/or designee will maintain the County-Tribe Deputies original records of incidents, complaints, violations and relevant statistical information and shall provide all such materials to the Tribe. The Tribe shall maintain records of incidents, complaints and violations of Tribal Law solely at the Tribe's Law Enforcement Department. The Sheriff's Office and the Tribe's Law Enforcement Department shall maintain such records as confidential to the extent required by law.

The Parties agree to cooperate in timely preparation and submission of the annual report required under Wis. Stat. 165.90 (4) (b).

I. MISCELLANEOUS PROVISIONS

All immunities of the Tribe, as recognized by law, shall inure to the benefit of the County-Tribe Deputies and other County law enforcement Deputies when assisting in enforcing the Tribe's laws upon deputation of such Deputies. All of the immunities, including conditional immunities, of the County shall inure to the benefit of the County-Tribal Deputies when acting as a deputy of the County under the Program.

Neither the Tribe nor its officers, directors, employees, representatives, or agents shall be liable to the County or Sheriff's Office or any of their respective Deputies, directors, employees, representatives or agents for any loss, damage, expense or casualty arising from any acts or omissions of the County-Tribe Deputies in performance of the Agreement.

The Tribe, County and Sheriff's Office each shall indemnify, defend and hold the other party or parties harmless from and against all liabilities, awards, damages, expenses and fees, including reasonable attorney fees and court costs, arising from or in connection with any action, suit or claim brought by any third party arising from or in connection with the negligent or intentional acts or omissions of their respective Deputies, directors, employees, representatives, agents and their successors and assigns in the performance of this Agreement.

The County and Sheriff's Office acknowledge that the Tribe is a federally recognized Indian tribe, which possesses sovereign immunity from suit, unless expressly waived by the Tribe or Congress. Nothing in this Agreement shall be interpreted to waive the sovereign immunity of the Tribe.

Nothing in this Agreement shall be construed to cede or confer any jurisdiction on any Party, to waive any immunities, to modify the legal requirements for arrest or search and seizure or to otherwise modify the legal rights of any person, to accomplish any act that would violate State or federal law or subject the Parties to any liability to which they are not otherwise subject to under law.

This Agreement shall be interpreted in accordance with the laws of the State of Wisconsin and it may not be varied or modified in any manner, except in a subsequent writing executed by the Parties.

This Agreement constitutes the entire understanding between the Parties with respect to the subject matter of this Agreement and supersedes any prior discussions, negotiations, agreements or understandings.

The failure of any Party to insist upon the performance of any terms or conditions, or the waiver of any breach shall not be construed as thereafter waiving any such terms and conditions or a subsequent breach.

No Party shall be in default or otherwise responsible for a failure to perform any obligation under this Agreement because of an act of God, act of war or terrorism, civil disturbance, epidemic, pandemic, unavailability of labor, material, power or communication. In any such event, the Party so claiming shall provide the other Parties with prompt written notice explaining the event.

The headings contained in this Agreement are for convenience and reference purposes only and shall not be construed as affecting the interpretation or meaning of the terms or conditions of this Agreement.

The invalidity of any portion of this Agreement shall not be deemed to affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the remaining provisions shall be affected, but shall be enforceable to the fullest extent permitted by law.

This Agreement may be executed in any number of counterparts; each of which when executed and delivered shall be an original, but all such counterparts shall constitute the same agreement.

This Agreement shall not be in effect until approved by resolution of the Tribe and County and signed by an authorized signatory of each party. This Agreement shall remain in effect during the applicable funding year. This Agreement is contingent upon

approval by the State Department of Justice as a cooperative County-Tribe law enforcement program and the receipt of the necessary funding for implementation under Wis. Stat. 165.90.

Each signatory to this Agreement represents that he has the legal authority to sign this document.

WHEREAS, the Lac Courte Oreilles Band of Lake Superior Chippewa Indians is a federally recognized Indian tribe ("Tribe") organized pursuant to the provisions of the Indian Reorganization Act of 1934, 25 U.S.C. 461, et seq.; and

WHEREAS, the Tribal Governing Board serves as the governing body of Lac Courte Oreilles Band of Lake Superior Chippewa Indians pursuant to Article III, § 1 of the Amended Constitution and Bylaws of the Lac Courte Oreilles Band of Lake Superior Chippewa Indians; and

WHEREAS, the Lac Courte Oreilles Tribal Governing Board is empowered by Article V, Section 1 (c) of the Lac Courte Oreilles Constitution to conclude agreements and negotiate with federal, state, and local governments on all matters affecting the Tribe; and

WHEREAS, the Lac Courte Oreilles Tribal Governing Board wishes to enter into a law enforcement agreement with Sawyer County and the Sheriff's Department for the purpose of obtaining support and law enforcement services on the Lac Courte Oreilles Reservation.

NOW, THEREFORE BE IT RESOLVED, that the Lac Courte Oreilles Tribe supports the application for the 2020 State/Tribal Law Enforcement Grant pursuant to Wis. Stat. 165.90 and supports entering into a 2021 Cooperative Law Enforcement Agreement with Sawyer County and the Sheriff's Department for the purpose of obtaining support and law enforcement services on the Lac Courte Oreilles Reservation to enforce both Tribal and State law and to ensure that all civil citations, issued by county deputies, and which occur on reservation, are sent to Tribal Court.

CERTIFICATION

I, the undersigned, as Secretary/Treasurer of the Tribal Governing Board, hereby certify that the Tribal Governing Board is composed of seven (7) members, of which 7 approved by consensus on **November 24th 2020** for the foregoing Resolution by an affirmative vote of 7 members, 0 against, 0 abstaining, and that said Resolution has not been rescinded or amended in any way.

2020 Crime Statistics
&
2021 Cooperative Law Enforcement Proposed Budget

In the past Sawyer County had the good fortune to have a fully grant funded full time Tribal Law Enforcement position. In 2012 the funding was reduced to the point that we were unable to maintain a full-time position. Since then, the Sheriff's Office has continued to schedule part time Deputies to work the reservation boundaries with the aid of the County/Tribal Law Enforcement grant.

The budget for the 2021 County/Tribal Law Enforcement Assistance Grant is similar to last year. We are budgeting for part time Deputies wages and benefits, fuel and maintenance for squads and to be able to use the regular salaries line for part time dispatchers who will be dispatching calls for service on the LCO reservation. The Sawyer County Communications Center dispatches all calls not only for the Sheriff's Office, but also the LCO Tribal Police Department, City of Hayward Police Department and the Town of Hayward Police Department.

As of October 30, 2020, the Sawyer County Sheriff's Office received 2218 calls for service on the Lac Courte Oreilles Reservation. The 2218 calls for service represent a variety of incidents to which Sawyer County Deputies responded. These include some of the following:

- 32 narcotic/drug complaints
- 28 theft/robbery complaints
- 90 disturbance/disorderly conduct & battery complaints
- 33 domestic disturbance complaints
- 26 suspicious person/activity complaints
- 92 Traffic related incidents.
- 7 burglary/criminal damage to property complaints
- 32 warrant arrests

Typically, many of these incidents occur in the late evening, or early morning hours. During the hours of 3:00 am and 11:00 am, we only have one dispatcher in the communications center. Allowing us to use some of the Tribal Deputy funds to pay part time employees to cover these hours on anticipated busy mornings and weekends would not only benefit the communications center, but greatly increase officer safety and efficiency by having two dispatchers during these times.

MEMORANDUM OF UNDERSTANDING

BETWEEN

SAWYER COUNTY; THE SAWYER COUNTY SHERIFF'S DEPARTMENT;

AND

THE LAC COURTE OREILLES BAND OF LAKE SUPERIOR CHIPPEWA INDIANS

This Memorandum of Understanding ("MOU") is made effective the 2nd day of October 2006 ("Effective Date") between the Lac Courte Oreilles Band of Lake Superior Chippewa Indians, a federally recognized Indian tribe organized under the provisions of the Indian Reorganization Act of 1934, 25 U.S.C. 461 *et. seq.* ("LCO"); and Sawyer County, a political subdivision of the State of Wisconsin, duly organized as a County under state law (the "County"); and Sawyer County Sheriff's Department (the "Sheriff's Department"), collectively referred to as the "Parties," and each is a "Party."

1.0 RECITALS

1.1 WHEREAS, the Tribal Governing Board, as the governing body of LCO, is authorized to enter into agreements, including this MOU, with other governmental bodies, including "with any county" pursuant to Article V, Section 1 (c) of the Constitution and Bylaws of LCO;

1.2 WHEREAS, the County and Sheriff's Department are authorized to enter into agreements, including this MOU, pursuant to Wis. Stat. 302.446, which authorizes the execution of an agreement providing for the confinement in county jail of persons ordered incarcerated by the LCO Tribal Court;

1.3 WHEREAS, consistent with its authority and responsibility to govern its Indian country, as defined in 18 U.S.C. 1151, LCO established the LCO Tribal Court which has the authority to impose civil forfeitures authorized under tribal ordinances;

1.4 WHEREAS, in 2004 LCO established the LCO Law Enforcement Department, which enforces tribal ordinances, including without limitation, the General Conduct Code, which empowers the LCO Tribal Court to impose civil forfeitures for various violations;

1.5 WHEREAS, LCO has determined that to successfully enforce tribal ordinances, including, but not limited to, civil forfeitures imposed thereunder, at times it may be necessary for the LCO Tribal Court to order the incarceration of individuals who fail to comply with LCO Tribal Court orders (referred to hereinafter as "LCO Prisoners");

1.6 WHEREAS, the LCO Law Enforcement Department is newly established, and its current focus is on maintaining and expanding the number of officers and available resources;

1.7 WHEREAS, given this current focus, and the impracticalities surrounding a LCO jail facility, LCO is not able to construct, maintain and operate a jail facility for LCO Prisoners;

1.8 WHEREAS, the County and Sheriff's Department operate a County jail facility, which presently has or will have ninety-two (92) beds, many of which may be occupied depending upon the time of year;

1.9 WHEREAS, the County acknowledges that with enactment of Public Law 83-280, 18 U.S.C. 1162, Congress conferred upon the State of Wisconsin (mandatory) criminal jurisdiction within LCO's Indian country, and LCO acknowledges that the County and Sheriff's Department are working to cooperate with the LCO Law Enforcement Department to respond to common law enforcement needs;

1.10 WHEREAS, consistent with the mutual law enforcement concerns and responsibilities, the County and the Sheriff's Department recognize that it is in the best interest of all Parties for the LCO Tribal Court to be able to order the incarceration of LCO Prisoners when necessary; and

1.11 WHEREAS, LCO, the County and Sheriff's Department seek to enter into this MOU to establish a mutual understanding regarding the detention of LCO Prisoners at the County jail facility.

In consideration of the foregoing, and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree to the following terms and conditions.

2.0 TERMS AND CONDITIONS

2.1 Term and Termination.

2.1.1 This MOU shall commence on the Effective Date and continue for an initial term of one (1) year (the "Initial Term"). After the Initial Term, this MOU shall automatically extend for subsequent one (1) year terms (the "Renewal Terms"), unless any Party gives the other Parties written notice of non-renewal at least sixty (60) days prior to expiration of the Initial Term or any Renewal Term, as the case may be.

2.1.2 Notwithstanding any other provision of this MOU, any Party may terminate this MOU, at any time whether during the Initial Term of any Renewal Term, with at least sixty (60) days prior written notice to the other Parties.

2.1.3 Notwithstanding any other provision of this MOU, this MOU shall automatically terminate in the event State law is amended and this MOU, or the arrangement contemplated hereunder, are rendered contrary to State law.

2.2 **Jail Space and Transportation.**

2.2.1 The Parties acknowledge that all the beds at the County jail facility may be occupied from time-to-time; and therefore may not be available to LCO Prisoners. Neither the County nor Sheriff's Department shall have any obligation to provide jail space in the absence of availability, but the County jail facility may transfer prisoners to other facilities to create space for LCO Prisoners.

2.2.2 Notwithstanding the foregoing, in the event the County jail facility has bed space available, the County and Sheriff's Department shall make such space available to LCO in the event the LCO Tribal Court orders the incarceration of a LCO Prisoner(s) and the LCO Law Enforcement Department contacts the County jail facility to lodge the LCO Prisoner.

2.2.3 Nothing in Subsection 2.2.2 shall require the County jail facility to maintain any LCO Prisoner who exceeds the prisoner classification for which the facility is authorized.

2.2.4 All LCO Prisoners lodged at the County jail facility shall be subject to the same rules and regulations as any other prisoner. The County jail facility shall not release any LCO Prisoner who has not served his or her entire sentence, except upon receipt of an LCO Tribal Court order authorizing early release.

2.2.5 The LCO Law Enforcement Department and Sheriff's Department shall cooperate and coordinate LCO Prisoner transportation. Generally, the LCO Law Enforcement Department will transport all LCO Prisoners from the point of custody to the County jail facility, when applicable, and the Sheriff's Department shall conduct all other transports.

2.3 **Payment and Account.**

2.3.1 Within thirty (30) days of the Effective Date or prior to the lodging of the first LCO Prisoner, which ever occurs sooner, LCO shall provide the Sheriff's Department with a deposit, or arrange for the transfer of excess funds, including from any current LCO excess fund balance maintained by the Sheriff's Department, in the amount of One Thousand Five Hundred and 00/100 Dollars ($1,500.00) (the "Initial Deposit"). The Sheriff's Department shall maintain all amounts received from LCO under this MOU in a separate account (the "LCO Account"). The Sheriff's Department shall promptly notify LCO if the LCO Account balance drops below Seven Hundred Fifty and 00/100 Dollars ($750.00). Upon receiving such notice, LCO shall promptly provide the Sheriff's Department with a subsequent deposit or arrange for the transfer of excess funds, including from any current LCO excess fund balance maintained by the Sheriff's Department, in the amount of Five Hundred and 00/100 Dollars ($500.00) (the "Subsequent Deposit").

2.3.2 The Sheriff's Department shall provide LCO with a report of the LCO Account at least once every three (3) months and with any notice regarding the LCO Account balance. The report shall be detailed enough for LCO to verify the LCO prisoner, dates of incarceration, all amounts charged from the LCO Account, and all Initial Deposits and Subsequent Deposits received.

2.3.3 The Sheriff's Department shall deduct from the LCO Account the amount of Forty Dollars ($40.00) per Bed Day ("Bed Rate") for each bed provided to an LCO Prisoner under this MOU. For purposes of this MOU, a "Bed Day" shall mean any period of stay within a calendar day. Notwithstanding the foregoing, if the Sheriff's Department is paid for the expense of an LCO Prisoner from any other source, including from the LCO Prisoner or any third party, the LCO Account shall be credited with the collection to the extent that the Sheriff's Department receives actual payment of the Bed Rate.

2.4 **Medical.**

2.4.1 The Bed Rate shall include all in-house LCO prisoner incarceration costs, such as meals, supervision, programs and necessary medical care performed by the County jail facility nurse or any physician contracted to provide in-house medical treatment to prisoners, all of which shall be provided to LCO Prisoners to the same extent as other prisoners.

2.4.2 The County jail facility shall permit LCO health personnel to visit LCO Prisoners, as frequently as necessary, to ensure that LCO Prisoners are receiving all necessary medical care and services and to render medical care and services deemed necessary. Any such visits shall be in accordance with and subject to all applicable County jail facility rules and regulations. The provisions of this Subsection shall not be construed to relieve the County or Sheriff's Department of any obligation under Subsection 2.4.1.

2.4.3 The Bed Rate shall not include the cost of necessary medical, dental or optical services performed for LCO Prisoners outside of the County jail facility ("Outside Medical Services"). LCO agrees that neither the Sheriff's Department nor the County shall be financially responsible to pay for any Outside Medical Services provided to LCO Prisoners.

2.4.4 LCO shall be responsible to pay for any Outside Medical Services rendered to LCO Prisoners, provided however, LCO shall be the payer of last resort. In this regard, LCO shall not be responsible to the extent that alternate payment resources are available, including, but not limited to, financial resources of the LCO Prisoner, programs under Titles XVIII or XIX of the Social Security Act (Medicare, Medicaid), federal, state or local programs, private insurance, or Indian Health Services regulations governing contract health services.

2.4.5 To the extent practical, LCO prisoners shall receive all Outside Medical Services through the LCO health center, including filling any prescriptions. Prior to arranging for any Outside Medical Services, the County jail facility shall use its best efforts to contact either the LCO Law Enforcement Department or LCO health clinic to afford LCO the opportunity to arrange to provide the Outside Medical Services at the LCO health clinic.

2.4.6 Notwithstanding the provisions of Subsection 2.4.5, in the event a LCO Prisoner is in need of emergency Outside Medical Services, the County jail facility may arrange for such services without first contacting the LCO Law Enforcement Department or LCO health clinic.

2.4.7 The County jail facility reserves the right to refuse any inmate determined by medical personnel not to be medically acceptable for incarceration under applicable laws, regulations, rules and guidelines.

2.5 **Insurance and Immunity.**

2.5.1 The County and Sheriff's Department represent, warrant and covenant that the County jail facility has adequate insurance to protect against any loss, damage, expense, or casualty arising from the acts or omissions of any of their respective officers, directors, employees, representatives or agents thereof or any acts or omissions of any LCO Prisoner or other prisoners.

2.5.2 Neither LCO nor its officers, directors, employees, representatives, or agents shall be liable to the County or Sheriff's Department or any of their respective officers, directors, employees, representatives or agents for any loss, damage, expense or casualty arising from any acts or omissions of any LCO Prisoner.

2.5.3 The County and Sheriff's Department acknowledge that LCO is a federally recognized Indian tribe, which possesses sovereign immunity from suit, unless expressly waived by LCO or Congress. Nothing in this MOU shall be interpreted to waive the sovereign immunity of LCO.

2.6 **Notice.**

Any notice permitted or required under this MOU shall be deemed duly provided if transmitted by facsimile to the number listed below and followed by a hard copy sent first class mail to the applicable address; or if delivered personally; or if sent certified mail, return receipt requested to the applicable address:

2.6.1 If to LCO:

2.7 **Miscellaneous.**

2.7.1 This MOU shall be interpreted in accordance with the laws of the State of Wisconsin.

2.7.2 The terms and conditions of this MOU may not be varied or modified in any manner, except in a subsequent writing executed by the Parties.

2.7.3 This MOU constitutes the entire understanding between the Parties with respect to the subject matter of this MOU and supersedes any prior discussions, negotiations, agreements or understandings.

2.7.4 The failure of any Party to insist upon the performance of any terms or conditions, or the waiver of any breach shall not be construed as thereafter waiving any such terms and conditions or a subsequent breach.

2.7.5 This MOU is not intended to create any third party beneficiary rights and is enforceable solely by the Parties.

2.7.6 No Party shall be in default or otherwise responsible for a failure to perform any obligation under this MOU because of an act of God, act or war or terrorism, civil disturbance, epidemic, pandemic, unavailability of labor, material, power or communication. In any such event, the Party so claiming shall provide the other Parties with prompt written notice explaining the event.

2.7.7 The headings contained in this MOU are for convenience and reference purposes only and shall not be construed as affecting the interpretation or meaning of the terms or conditions of this MOU.

2.7.8 The invalidity of any portion of this MOU shall not be deemed to affect the validity of any other provision. In the event that any provision of this MOU is held to be invalid, the remaining provisions shall be affected, but shall be enforceable to the fullest extent permitted by law.

2.7.9 This MOU may be executed in any number of counterparts; each of which when executed and delivered shall be an original, but all such counterparts shall constitute the same agreement.

2.7.10 Each signatory to this MOU represents that he has the legal authority to sign this document. This MOU shall not be in effect until signed by an authorized signatory of each party.

The Parties have made this MOU operative as of the Effective Date.

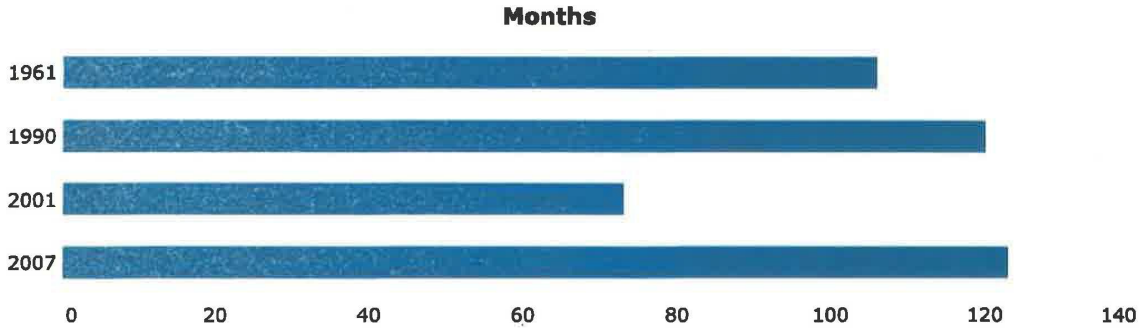
Exhibit #9

2019 Wisconsin Overview

The county workforce profiles provide snapshots of the labor market for each of the 72 Wisconsin counties. In addition to a static PDF version, each county profile will be available as an interactive document in which the reader can do additional manipulation of some tables. The profiles begin with an overview of the entire state's labor market outlook. From there, the profiles highlight the respective labor market with analyses of the current and projected population and labor force, community patterns, industries, occupations, and wages. We conclude each profile with an examination of the impact of automation on the county's workforce.

Record Economic Expansion

The economic expansion is now the longest on record. This current expansion surpassed the previous mark of 120 months set in the 1991-2001 stretch in June 2019. What has been good for the country has been good for Wisconsin and most other states.



*Bureau of Labor Statistics, OEA

Wisconsin's workforce and employment numbers have attained new highs. Employment exceeded the 3 million mark in the summer of 2016. Wisconsin jobs reached new highs in 2019 with not-seasonally adjusted, total non-farm jobs breaking through 3 million at 3.026 million in June 2019. The state's unemployment rate has reached lows not seen since at least 1976, 2.8% in the months of April and May of 2019. New unemployment rate lows were also recorded for the U.S. as a whole at 3.6%. Thirty of 72 Wisconsin counties reached new job highs in the last two years. Thirty state counties hit new unemployment rate lows. Initial and continued unemployment insurance claims have been tracking at 40-year lows over the past three years.

Given that new records are being set largely across the board for expansion longevity, employment highs, and unemployment lows, the question turns to when will the trends reverse.

Economic expansions don't die of old age. Expansions are usually curtailed by decreasing jobs, spending, investments, inflation, or interest rate pressures. Decreasing jobs lead to lower incomes that result in less consumption, which is the driving force in the U.S. economy. Employment numbers are not good indicators of pending recessions. In fact, they are a lagging indicator of economic downturns and recoveries.

What's next in the short-run?

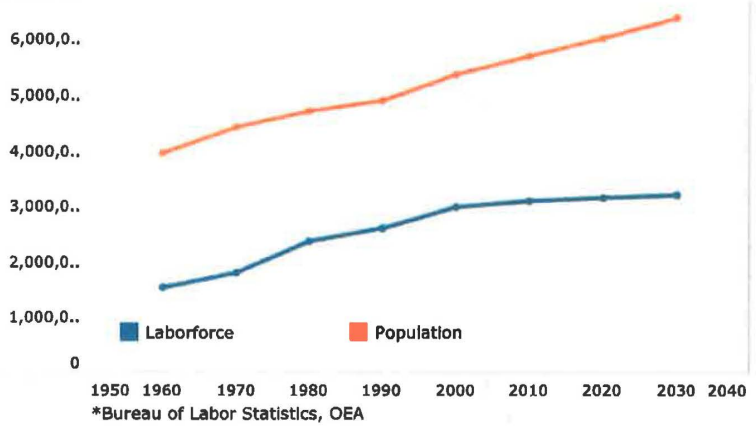
As this is being written in November 2019, job numbers are still climbing, earnings and income are rising, retail sales are expanding, debt-to-income ratio is low, and inflation is subdued at about 2%. Housing sales are relatively flat, vehicle sales have leveled off, and some European countries' economies are sagging. The primary unknown at the moment is the status of tariff and trade policy on the North American countries' trade agreement and trade with China. The uncertainty is dampening capital investment, injecting volatility in the equity markets, and causing household cogitation.

What are the long-run influences?

The primary long-term challenge facing Wisconsin's economic future is its workforce quantity. The demographic situation facing the state, other upper Midwest states, and most western state economies will advance unaltered in the coming decades. The number of retiring baby boomers nearly match the influx of new workers, resulting in a slow growing workforce that is constraining employers' abilities across industries to secure talent. Many businesses report the lack of available workers have hindered expansion and, in some cases, even curtailed their ability to meet current product orders.

Wisconsin Population and Labor Force

The blue-line, orange-line graph to the right portrays the labor force facing Wisconsin and other upper-Midwest states. While Wisconsin's population will continue to grow over the next 20 years, the workforce faces serious constraints. The curve began to flatten in 2008 as the first baby boomers (those born in 1946) reached age 62 and began to leave the workforce.



*Bureau of Labor Statistics, OEA

Baby boomers continue to exit the workforce in great numbers. However, the labor force participation rates for workers over 55 years of age have risen significantly. The need or want to remain in the workforce has assisted in staving off more severe worker shortages.

Our analysis shows a marked decrease in per capita personal income growth in the coming decades. The consequences for shared tax burden will be real and require new policy discussions about the social contract for infrastructure and government services.

One of the remedies for labor scarcity and increased productivity is the incorporation of labor-saving technology in the workplace. As such, not only does Wisconsin have a quantity challenge, the state must also make all available workers technologically savvy. The propensity for automation varies by occupation, but routine activities are the most susceptible to displacement.

To summarize, the state needs to find every body it can and get everybody trained up to their maximum potential.

Sawyer County
Population and Demographics

Sawyer County's 2018 population of 16,828 ranked 58th most populated out of Wisconsin's 72 counties. Between the years 2010 and 2018, Sawyer County's population increased by 271 (1.6%). Sawyer County's population growth rate ranked 24th highest out of 72 Wisconsin counties. This increase continues a long-term trend of population increase, which started in the 1960s when the County's population was 9,475. During the same time frame, 2010 to 2018, the State of Wisconsin saw population growth rates of 2.3%. From 2010 to 2018, Sawyer County had a yearly average growth rate of 0.16%. During the 2000 to 2010 period, Sawyer County's yearly average population growth was 0.22%.

Components of Change

Sawyer County's net population increase was caused by net migration into the county. Its net migration was 3.4%, which means that more people moved into the county than those who moved out. The natural increase was -1.8%, which means that the county recorded fewer births than deaths over the eight-year period. According to data gathered by Wisconsin's Department of Health Services, Sawyer County's 2017 general fertility rate (births per 1,000 women ages 15-44) was 74.5. This ranked eighth highest out of Wisconsin's 72 counties. Wisconsin's 2017 birth rate was 60.1.

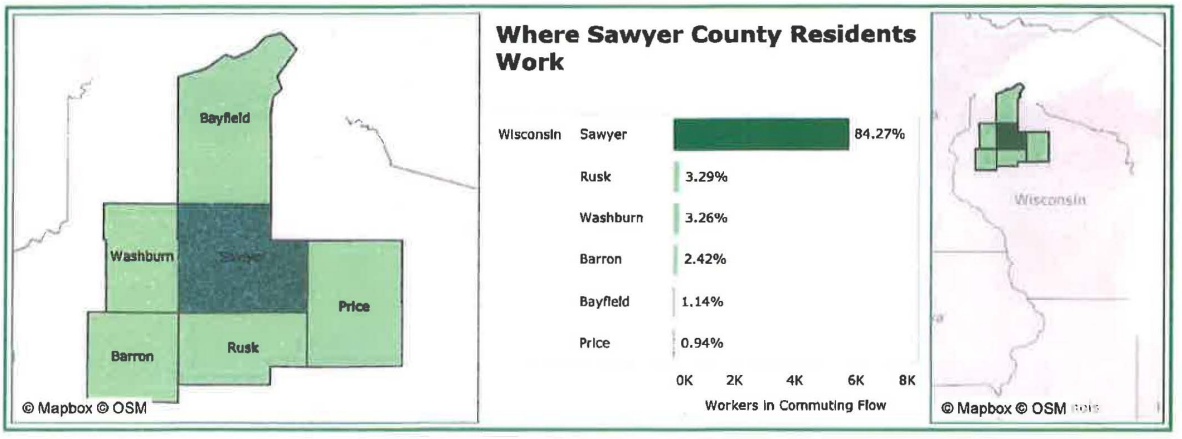
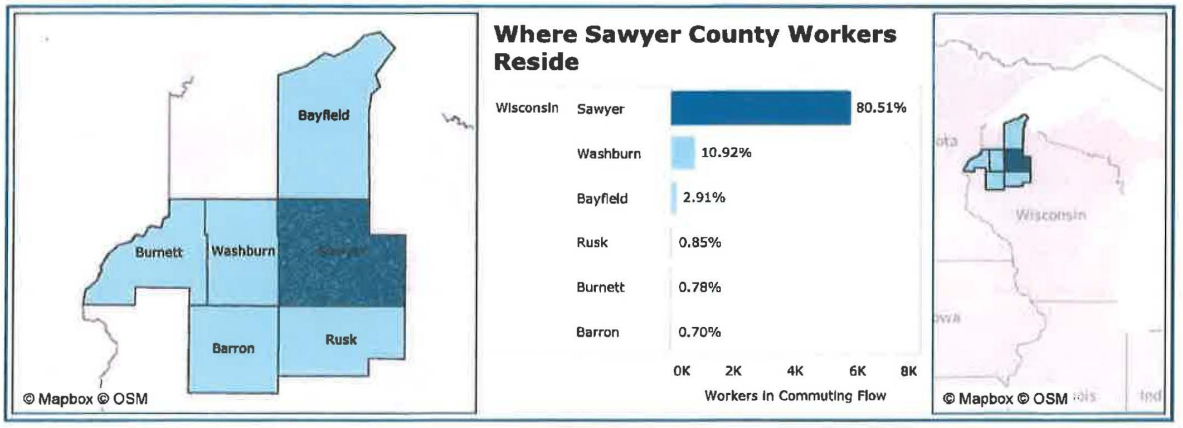
Sawyer County Worker Commute

Residents Work

The map below shows the top five counties where the 7,079 employed Sawyer residents work. The majority of Sawyer County residents not only live in Sawyer County but also work within its borders. According to 2017 five-year American Community Survey, 5.0% of Sawyer County employed persons work from home, higher than Wisconsin's rate of 4.4%. Additionally, 3.9% of Sawyer County residents walk to work compared to the state rate of 3.2%.





Workers Reside

The map above shows the top five counties in which the 7,267 people who work in Sawyer commute from. For example, 80.51% of the those who work in Sawyer County are from Sawyer County. When comparing the number of employed Sawyer residents with the number of workers employed within Sawyer County, Sawyer County has a positive net inflow of workers that amounts to 188. The City of Hayward and the Lac Courte Oreilles Reservation draw workers from the surrounding counties.

Labor Force Dynamics

The graph below displays Sawyer County's monthly unemployment rate for the years 2000 through 2018. Sawyer's rate of 4.3% in 2018 is quite low, historically speaking, significantly lower than the 10-year average as seen below. In fact, this rate is lower than the rates experienced during the booming economy of the late 1990s, when many counties hit their previous historical lows. While a growing economy is partially responsible for today's low unemployment rates, the trend of slow labor force growth, or even declines in some counties, due to baby boomers leaving the labor force has a major impact on the rates. This concept is illustrated in the graph below. The labor force consists of the employed and unemployed, which is represented as the orange line in the bottom graph.

Sawyer County Labor Force Components

The graph to the left shows Sawyer County's population and labor force from 1990 to 2018. To help account for the change in both population and labor force, the labor force participation rate (LFPR) was devised. The LFPR is the labor force as a percent of the civilian noninstitutional population ages 16 and older. At its height during this 29 year period, Sawyer County's LFPR was 80.8% in 1996-97. In 2018, it was 58.6%.

The table above shows the 2016 to 2026 industry employment projections for the Northwest Workforce Investment Development Area (Northwest WDA). The 10-county area is projected to experience a net increase of 3,041 job openings, a 3.9% increase. Its goods producing industries (Natural Resources & Mining, Construction, and Manufacturing sectors) are projected to add a net employment to 150, an increase of .90%. Its services providing industries (Trade, Transportation, & Utilities, Information, Financial Activities, Professional& Business Services, Education & Health Services, Leisure & Hospitality, Other Services, and Public Administration sectors) are projected to add 2,000 job openings, an increase of 3.8%.

The Construction sector is projected to have the highest growth of 11.7%. The Professional & Business Services sector and the self-employed and unpaid family workers are projected to grow 10.8% and 11.11%, respectively, making them the second and third highest projected growth industry sectors in the Northwest WDA. Two industry sectors are projected to have a negative change in employment: the Manufacturing sector losing, 227 net jobs, and the Information sector, losing 28 net jobs. The 2016 to 2026 industry employment projections for the WDA mostly differ from Wisconsin's state projections. One similarity is the employment percentage change of the Information sector. The State is projected to see a negative percentage change of -2.1% similar to Northwest Wisconsin's -4.4%. On the other hand, the Manufacturing sector projections for Wisconsin are a positive net change of 1.7% compared to Northwest Wisconsin's negative net change of -2.0%.

Above are the 2016 to 2026 Occupational Employment Projections for Northwest Wisconsin. In previous projections, each occupation had annual openings broken down into two categories: openings due to growth and openings due to replacements. For the 2016 to 2026 projections there is a new methodology that changes how annual openings are broken down. Now there are three categories of openings: annual growth, labor force exits, and occupational transfers. The new methodology increases the detail of openings, giving the ability to determine how many job openings exist because of people who have left the workforce altogether.

Not only does the new methodology supply greater detail in openings, but it also allows for a calculation of the average number of years an individual works in any occupation. The separation rate can be derived by adding the annual exits and the annual transfers then dividing that sum by the number of those employed. The inverse of this separation rate equals the average number of years people stay employed in that occupation. For example, we find that surgeons continue to work as surgeons for 38 years while food servers continue to work as food servers for only five years.

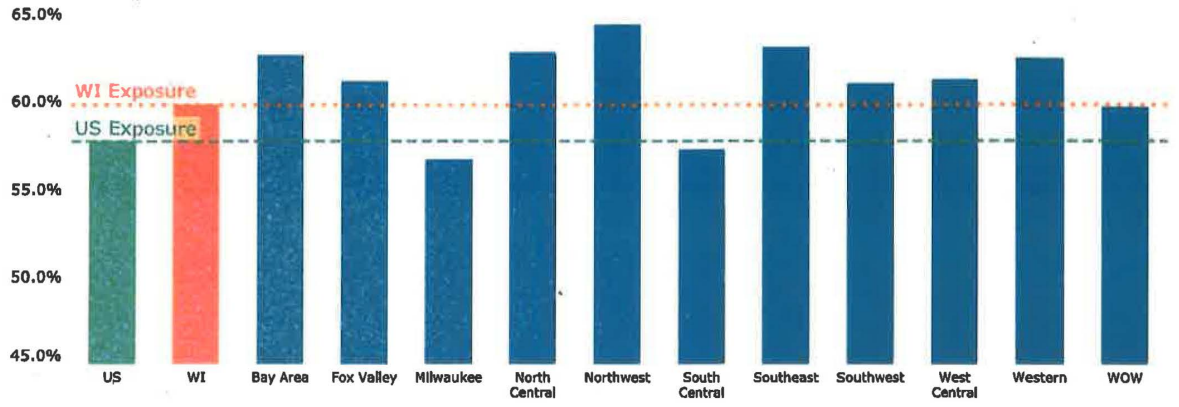
Automation Exposure by Workforce Development Area



Source: The Future of Employment: How Susceptible are Jobs to Computerisation, C.B. Frey and M.A. Osborne, September 17, 2013, Oxford Martin School, University of Oxford; OES

Technological advancements are changing the occupational landscape of the nation and Wisconsin is no exception. Developments in the fields of artificial intelligence, the internet of things (ability of electronic devices to communicate with each other), autonomous transportation, and many others are widely expected to have significant impacts on the nature of work, both in terms of the job mix and the skillsets needed to succeed in the labor market. By merging occupational-level probabilities of automation from a 2013 Oxford study with employment data from the Occupational Employment Statistics data set, we are able to estimate the overall level of exposure to automation and compare it across different geographies, which is identified in the chart above.

The Northwest WDA has the highest exposure to automation than any other WDA in Wisconsin. Of the six occupation groups with the highest automation exposure, five of them have a higher share of the total employment in the Northwest WDA than Wisconsin as a whole. Automation exposure does not mean the elimination of all jobs in an industry. Many times, it is the integration of technology alongside workers that make a job safer, more productive, and less difficult. With the bleak demographic trends in NW Wisconsin, an increase in automation has the potential to help businesses stay competitive with a contracting labor supply.

Further analysis of the interactions between automation and other occupational characteristics yields some interesting conclusions that have broad implications on the labor market. Automation exposure is anticipated to continue contributing to inequality both in terms of wages and education. In other words, automation exposure has a strong tendency to decrease as wages and educational requirements associated with the job increase. Technological advancements can also help mitigate the workforce quantity challenge by enhancing labor productivity, which is essential for continued economic prosperity without increasing labor force. Of note, these developments are also anticipated to accelerate the evolution of workplace skills, which puts additional emphasis on the roles of postsecondary education and upskilling while still on the job.

Automation Exposure by Occupation Group

Source: The Future of Employment: How Susceptible are Jobs to Computerisation, C.B. Frey and M.A. Osborne, September 17, 2013, Oxford Martin School, University of Oxford; OES

The chart on this page examines job automation by occupations. On the right in blue, we see the overall employment in those occupation groups in the Northwest WDA; and on the left in orange is the level of automation exposure. Those occupations near the bottom of the graph have relatively low levels of automation exposure. The skill sets required to do many of these jobs (e.g. interacting with the environment, creativity, problem solving, and working with others) render them less exposed to automation, at least as technology stands now. The area of concern tends to be those occupations located near the top – occupations that are particularly exposed to future automation trends. Production occupations make up a high share of employment. Repetitive occupations that do not require a high degree of manual dexterity, problem solving, creativity, or adaptation are more likely to be automated. Transportation and Material Moving is in a similar situation with the industry moving steadily into self-driving vehicles, robotic mooring systems at docks, and highly automated warehouses. The ability of the workforce to adapt to these rapid changes and the new occupations they will bring will be essential to continued economic progress going forward.

Sawyer County Communications Center

The contract for Emergency Medical Dispatch services was reviewed by our Corporate Counsel with a suggested addition regarding cost of the service. The contract concerns were addressed with North Memorial and have been forwarded to their legal department. Waiting on return contract from North Memorial, very hopeful to start pre-arrival medical in the upcoming months.

A Communications Center remodel project will begin in the upcoming weeks. The center has not been upgraded in the last 18 years. The project will include some of the following:

- Replacement/ re-route of old existing plumbing (drain/water) in the ceiling above area above the center and server room.
- Replacement of the electrical service and UPS battery back-up.
- New work stations to include a 3rd work station.
- Expansion of the existing server room.
- Additional monitors for camera systems

Active 911 & Rip & Run is set up and working in EMS, and LE. Currently working on getting fire departments set up. So far great feedback.

SAWYER COUNTY SHERIFF'S OFFICE

DOUGLAS D. MROTEK - SHERIFF JOSEPH E. SAJDERA - CHIEF DEPUTY

February 1, 2021

Patrol Report- Attached.

- Patrol calls volume continues to trend steadily for the past 3 months, Nov '20 was 836, Dec '20 with 86, while Jan '21 is **879**. A decrease of 21 calls from Jan '20, which was 900.

- Several in house training events are being planned within the agency to satisfy the WI DOJ Training and Standards require of a minimum of 24 hours recertification training for certified LEO and Jail Staff. Utilizing our in-house trainers and instructors helps minimize the travel and meal expenses to the County.

- Area Lions club is planning their 29th Annual Pre-Birkie Event for February 13, 2021. Rough estimate of participants is 500. There will be two deputies tasked with Traffic Flow Management for the event.

- Continued planning for the 2021 Slumberland American Birkebeiner Wednesday-Sunday, February 24-28, 2021 is underway and will be cordinated with the Birkebeiner Foundation, Bayfield County Sheriff's Office, Wisconsin State Patrol and other area law enformcement agencies. Due to the modified course, it is expected to have minimal inpact to Sawyer County Public Safety resources. There will be multiple deputies tasked at the various control points to assist with Traffic and scene security in our County. Bayfield Sheriff will be in charge of event planning for the race locations in their County.

Respecfully Submitted,

Lt. Gregory G Ripczinski

JOINT POWERS AGREEMENT
SAWYER COUNTY 911 EMERGENCY SYSTEM

WHEREAS, Sawyer County and the municipalities located within the boundaries of Sawyer County have implemented an Emergency 911 System for the purposes of providing emergency services to residences and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35(9), Wis. Stats., "Joint Powers Agreement," requires that in implementing a 911 system which has been done in Sawyer County, municipalities shall annually enter into Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sawyer County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sawyer County and the City of Hayward, "municipality," as follows:

1. That effective January 1, 2021, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2021.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

SAWYER COUNTY 911 EMERGENCY SYSTEM

WHEREAS, Sawyer County and the municipalities located within the boundaries of Sawyer County have implemented an Emergency 911 System for the purposes of providing emergency services to residences and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35(9), Wis. Stats., "Joint Powers Agreement," requires that in implementing a 911 system which has been done in Sawyer County, municipalities shall annually enter into Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sawyer County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sawyer County and the Town of Stone Lake, "municipality," as follows:

1. That effective January 1, 2021, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2021.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle's normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

Patrol Report- Attached.

- Patrol calls volume continues to trend steadily for the past 3 months, Nov '20 was 836, Dec '20 with 86, while Jan '21 is **879**. A decrease of 21 calls from Jan '20, which was 900.
- Several in house training events are being planned within the agency to satisfy the WI DOJ Training and Standards require of a minimum of 24 hours recertification training for certified LEO and Jail Staff. Utilizing our in-house trainers and instructors helps minimize the travel and meal expenses to the County.
- Area Lions club is planning their 29th Annual Pre-Birkie Event for February 13, 2021. Rough estimate of participants is 500. There will be two deputies tasked with Traffic Flow Management for the event.
- Continued planning for the 2021 Slumberland American Birkebeiner Wednesday-Sunday, February 24-28, 2021 is underway and will be cordinated with the Birkebeiner Foundation, Bayfield County Sheriff's Office, Wisconsin State Patrol and other area law enformcement agencies. Due to the modified course, it is expected to have minimal inpact to Sawyer County Public Safety resources. There will be multiple deputies tasked at the various control points to assist with Traffic and scene security in our County. Bayfield Sheriff will be in charge of event planning for the race locations in their County.

February 4, 2021, Public Safety Committee Report

- Many of the SAR volunteers are volunteering to help with the pandemic response. There are 33 active vetted volunteers who not only respond to missing persons, but have helped in disaster responses and now with the pandemic.
- Continue to work on PPE ordering, stocking and distributing.
- Managing the Covid Testing site in Winter. Numbers have dropped to an average of 25 per day and we have dropped down the number of tests for the state to provide from 150 to 40 per testing day.
- I have been taking time off when I can. This is going to be very difficult time for me as on the 23rd it will be a year since my husband passed. I plan on taking that whole week off if I can arrange it, but it is also Birkie week.
- Assisting with the Multi-trail coordination team in getting recreational trails signed uniformly for emergency responses.

Meetings and Trainings Attended:

- Meetings via phone/virtual every week or bi-weekly regarding Pandemic with WEM, SEOC, PH.
- Multi-trail Coordination

SAR:

- SAR completed a complex functional exercise that I am doing an AAR so as to get credit per the "Plan of Work" agreement with the state. Very hard to get the required number of exercises in with the pandemic.
- Members are volunteering with pandemic response by helping with testing and vaccination clinics.

Patricia Sanchez, CEM
Sawyer County Emergency Manager
SCSAR Coordinator

Sawyer County Communications System Specialist – Feb 2021 PS Committee Report

1.) **New Law Channel** – Cutover to the new system took place over the last two weeks which also included programming of radios. All departments are about 95% complete with a few radios still remaining which are spares or radios that were not available at the time for programming.

From reports I have received more coverage is apparent with the new system. It does sound different because it is a local system and not like WISCOM where it is processed, sent to servers at the state for routing, and then back out to the towers. With this some audio adjustments are taking place to balance audio for squads/dispatch.

2.) **Programming/Radio issues** – As stated programming is about 95% complete with all Law Enforcement Departments. As programming is being completed it is programming only and no further checks are being done due to the number of radios that need to be programmed. As issues are reported the squads are then checked individually.

This is being done in this way due to control one radio having an issue being confused with the whole system having an issue. In addition, when an issue is being brought forth we do attempt to confirm the issue to narrow down what it could be for an issue. Example – If one squad is reported as being digital or scratchy an attempt is made to have the squad user themselves see if they had issues or others can confirm the report.

It is not a surprise that some squads or radios might have issues now on the new system as compared to being on WISCOM. This is due to how the system works with WISCOM only having one tower for usage and our new system using multiple sites connected together to act as a giant antenna. Therefore, issues can be covered up by the way WISCOM operates or how it performs.

3.) **Microwave Failure** – At about 2:30am on Jan 14th a call was received from dispatch on a report of the dispatch console sounding with a noise like the console was resetting, the audio was cutting in and out, and the transmissions from dispatch going out being cutoff. After contacting the state and doing some troubleshooting, we isolated back to the Sheriff's Department. In further in-house testing we found that it was the power supply for the microwave for the link from the Sheriff's Department to the Hayward Tower.

I was able to obtain a power supply that was able to be used to replace the one that was malfunctioning, and the microwave was able to come back up on-line. Sawyer County was able to save money with the service of an internal radio technician as well as having a back-up that was able to be used. It also was a good test to be able to know what to do if a microwave failure occurs again. We had back-ups in place and dispatch was able to communicate with squads all the time.

4.) **RF Interference** – As of recent with the different weather systems that have been coming into our areas have been causing some interference. This is not only impacting Sawyer County but WISCOM and other public radio systems. It appears to usually be taking place in the late parts of

the night or early in the morning. The issue with atmospheric based interference is that no time frame, pattern, or defined parameter takes place.

5.) **RFI for WISCOM** – WISCOM is currently looking to go out for an RFP for the WISCOM System. One of the things that has been discussed is if the current VHF frequencies and layout would work and be able to function properly. An RFI (Request For Information) was done in order to help effectively have a RFP that will make sure WISCOM can operate in an effective manner.

The RFI looked at the following options for frequency usage – 1.) Stay with VHF, 2.) Move to a Hybrid VHF & 800 MHz System, 3.) Move to a complete 800 MHz system. The RFI come back as the suggestion of using 800 Mhz for WISCOM as compared to the current VHF system. This has obviously caused some concern with Northern Counties in WI.

Based on some quick estimates it would be about $3,000/mobile radio and $2,000/portable radio as a working estimate. Just in the cost of radios it makes the usage of WISCOM if they go 800 Mhz a huge expense. For an approx. count of 30 radios it would be approx. $30,000 to switch to a 800 MHz WISCOM system from VHF.

This also does not factor in interoperability between non-WISCOM counties like Washburn, Rusk, Barron, Price, and Ashland. It will also offer limited interoperability between Douglas and (certain cases) Bayfield. This of course also impacts interoperability within the county as if agencies that are strictly WISCOM (Hwy Department or Transit) are going to have to have a plan.

More information will be provided as this develops and becomes available.

6.) **Additional work** – Repair of squads radios and answer radio operation questions.

AND
SAWYER COUNTY BOARD OF SUPERVISORS
CONCERNING THE SAWYER COUNTY CRIMINAL JUSTICE COORDINATION COMMITTEE

This Amendment to the Memorandum of Understanding ("MOU") is entered into by the Lac Courte Oreilles Tribal Governing Board ("Tribal Governing Board") and the Sawyer County Board of Supervisors ("County Board").

The Parties wish to amend the Section related to Roles and Responsibilities to allow for each party to include one more individual as a representative. The intent is that each party would like to include their respective judges on the Committee. The Tribe will add the Tribal Court Judge as an additional representative and the County Board of Supervisors will add the Judge for the Sawyer County Circuit Court.

This Amendment is not intended to, and does not create, any right, benefit, or trust responsibility, substantive or procedural, enforceable at law or equity, by any party against Sawyer County or the Lac Courte Oreilles Band of Lake Superior Chippewa Indians, its agencies, its officers, or any other person.
